11:15:44 from Darcy Harman: sounds about right XD

11:16:21 from Kristen Girard: If you have pretty even distribution, does that mean ass kicking all the time? Just curious. 😊

11:16:46 from Denise Ivanoff: Sun AC moon, Mercury all mutable for me

11:17:13 from Kimberly Logan (She/Her): @Kristen - or you notice everything, but none of it truly kicks your ass...

11:29:52 from April Sugarman: 2nd new moon of january

11:31:10 from Kristen Girard: I'm curious about the timing of planting new seeds on the new moon. I've heard that sometimes it is best to wait for a sliver of light to touch the moon and then do the ritual. Your thoughts?

11:35:24 from April Sugarman: knowledge plus free will

11:38:09 from Bex: Canada too lol

11:40:25 from Kimberly Logan (She/Her): 😊

11:53:30 from Kimberly Logan (She/Her): I love that it's on President's day weekend! Irony!

11:54:40 from Kristen Girard: Plus the indentured servants. So many people came over as indentured servants and never gained their freedom, too.

12:15:49 from April Sugarman: haha

12:15:58 from Kimberly Logan (She/Her): 😊

12:16:00 from Kristen Girard: Why 16?

12:16:14 from Cynthia Coats: How do we know what is squared in our chart?

12:16:16 from Kimberly Logan (She/Her): 4 squared = 16

12:16:38 from Bex: I have to goooo wannnnh

12:22:06 from April Sugarman: mutable

12:22:18 from Kimberly Logan (She/Her): 50/50 Cardinal/Mutable!

12:28:14 from Kimberly Logan (She/Her): gotta run - catch the rest on the replay.

Welcome new friends!!!!

12:29:46 from Ivett Gabriella: I bought a bunch of houseplants last year because I realized that I have very little earth in my chart. now I literally have dirt in pots in my room. LOL.

12:31:47 from Dana: that makes so much sense!!

12:33:35 from Cynthia Coats: Can I ask about the planets retrograde in my natal chart - there were 5! How should I look at the energy of those planets differently? Example Jupiter was retrograde - usually luck, does that mean not as lucky for me? Also Uranus, Neptune, mercury, and pluto

12:34:35 from Darcy Harman: I was wondering about that too; I just noticed my Jupiter is also retrograde

12:36:08 from April Sugarman: Bonnie, I only have one planet in water in my chart (happens to be my moon) — is this an element I need to focus on or do I have plenty of it and don't need it? I've heard both and would love some clarity. Thanks!

12:36:42 from Kasey McNulty: why is it called the critical degree?

12:42:57 from Dana: This is hard - I am too evenly distributed i think ?

12:45:03 from Elise Duquette: I have 1st Decan dominance in my chart (8) but 2 in my car are in 3rd should I focus on car dominance or chart

12:45:05 from Dana: yes

12:45:34 from Ivett Gabriella: I have 2 decans that are equal: 5 first and 5 third, but all of the major things are in the first decan. I guess, I should focus more on the first then?

12:52:22 from Denise Ivanoff: My big 3 are one of each! I am pretty distributed in chart too. So I just focus on mutable, and all my air and fire.

12:55:38 from Kasey McNulty: fussy baby, got to run...I have a needy little sea goat

12:56:21 from Kristen Girard: Kasey - you have a Capricorn determined to get to the business of growing!

12:56:31 from constance Zaytoun (she.her): how do we evaluate decands if we have a decand dominate tie?

12:57:10 from Darcy Harman: gotta go, can't wait for the replay to catch up on the rest of the convo!

12:59:07 from Kristen Girard: Back to the beginning. Curious about the woo/ witchy 8th and 9th houses, which planets are particularly interesting placements for that?

12:59:18 from Dana: like

12:59:21 from Denise Ivanoff: like

12:59:25 from Cynthia Coats: Can I go back to an old topic... about the planets retrograde in my natal chart - there were 5! How should I look at the energy of those planets differently? Example Jupiter was retrograde - usually luck, does that mean not as lucky for me? Also Uranus, Neptune, mercury, and pluto

13:00:19 from constance Zaytoun (she.her): Cindy -- totally the same retrogrades!

13:02:49 from Chika Obih: My entire car is Earth. I feel like Im really good at living in my Earthness. But my Fire is also pretty dominant. How do I balance that out? I generally shy away from the spotlight.

13:03:13 from Dana: me too cynthia! - And i have Merc retrograde but in gemini

13:05:00 from Kristen Girard: Just super curious: Back to the beginning. Curious about the woo/ witchy 8th and 9th houses, which planets are particularly interesting placements for that?

13:05:28 from Dana: thats good class - ! yes! thank you so much Bonnie - lots to learn!

13:05:42 from Ivett Gabriella: Thank you so much! <3

13:06:00 from Kristen Girard: Thank you.

13:06:09 from Chika Obih: this was great, thank you!!
