## For the Plan Your Aligned 2022 webinar!

Woo HOO! Let's DO this!

Hi! I'm Bonnie Gillespie, **The Astrologer's Daughter**.

I am so freakin' excited to help you consider your year ahead from a whole new perspective! Before you get tempted to overwhelm yourself with all of the pages in this workbook, all the glyphs that make up your chart, or anything else about this experience, please know you signed up for this free training to have FUN while learning new things about how 2022 will offer opportunities for you to access your most precious gifts, already available to you from within your chart. Breathe. All good.

I mean, EVERYTHING is optional, here. I'm providing you with a way to \*optimize\* your experience in this workbook... but sometimes we don't need experiences to be optimized, y'know? So please take this at your own pace. Chip away at this as it feels best for you. Be as public or as private about sharing your work, your chart, and your a-ha moments as you wish (using #TheAstrologersDaughter if you'd like). Take dance breaks often. Hydrate. Let the work marinate.

Do NOT stress about this. Got it?

So much of astrology is a way of providing permission to be the versions of ourselves we already feel tugged to be. I love the breakthroughs that so often come from this work. Get ready to have a blast!

The following pages will detail how to prep for the free webinar by rendering your chart using the Whole Sign House System, learning to recognize the glyphs in use on your chart, and playing with some keywords as you begin to consider what you'd like to invite into your life.

If you crave being able to discuss all of this with me as we go deeper on this yumminess, regularly, consider my **Aligned Advantage** membership, where we gather on Zoom to prep for the month ahead using my **Aligned Hustle Calendar!** Yay!

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

If you already have your chart in Whole Sign House System format, skip ahead. Otherwise, visit [astro.com](https://astro.com) and select the **Horoscopes** menu from the top left area. This will expand a multi-column menu. From here, choose **Extended Chart Selection** from the **Drawings, Calculations, Data** section.

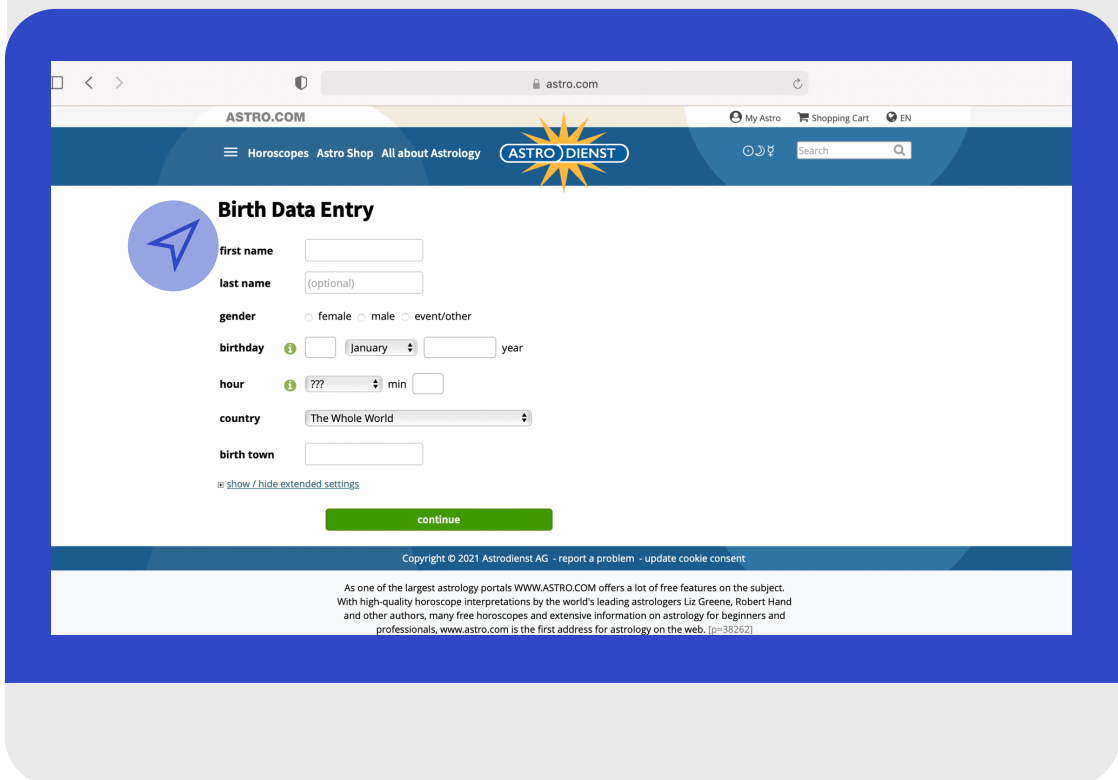

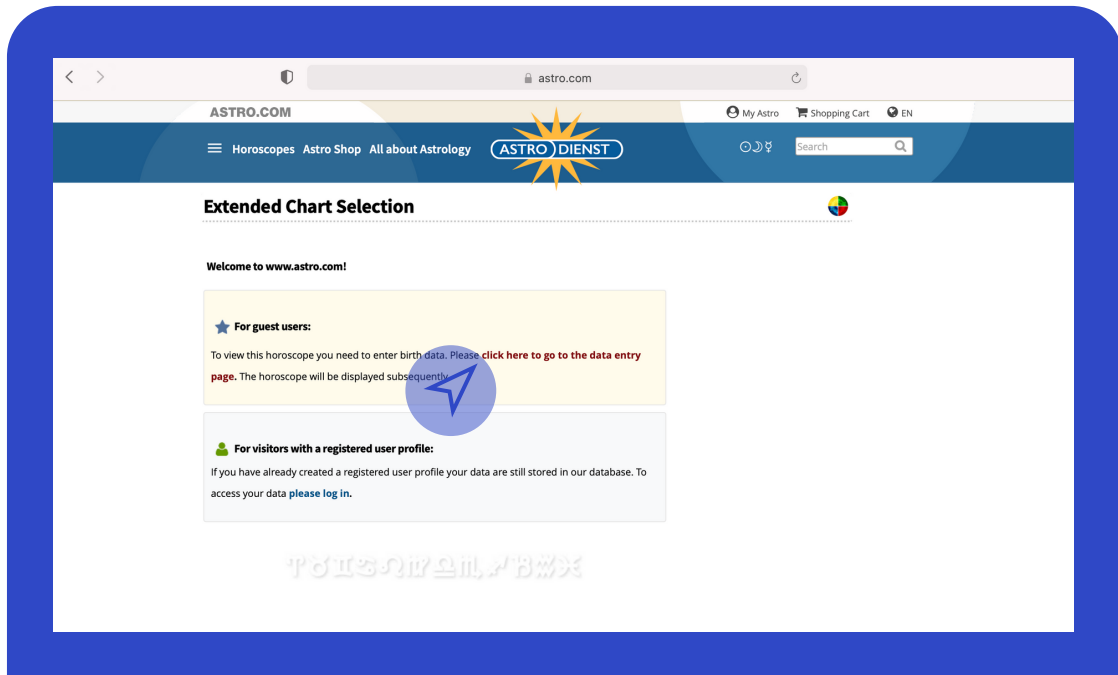

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

From here, proceed as a **guest user** (it's fine to create an account if you'd like, but you don't have to). Once you click the words **click here to go to the data entry page** in the **guest user** section, you'll click through to AGREE to terms and then land on a form you'll fill out with your birth information so the site can render your free natal chart!

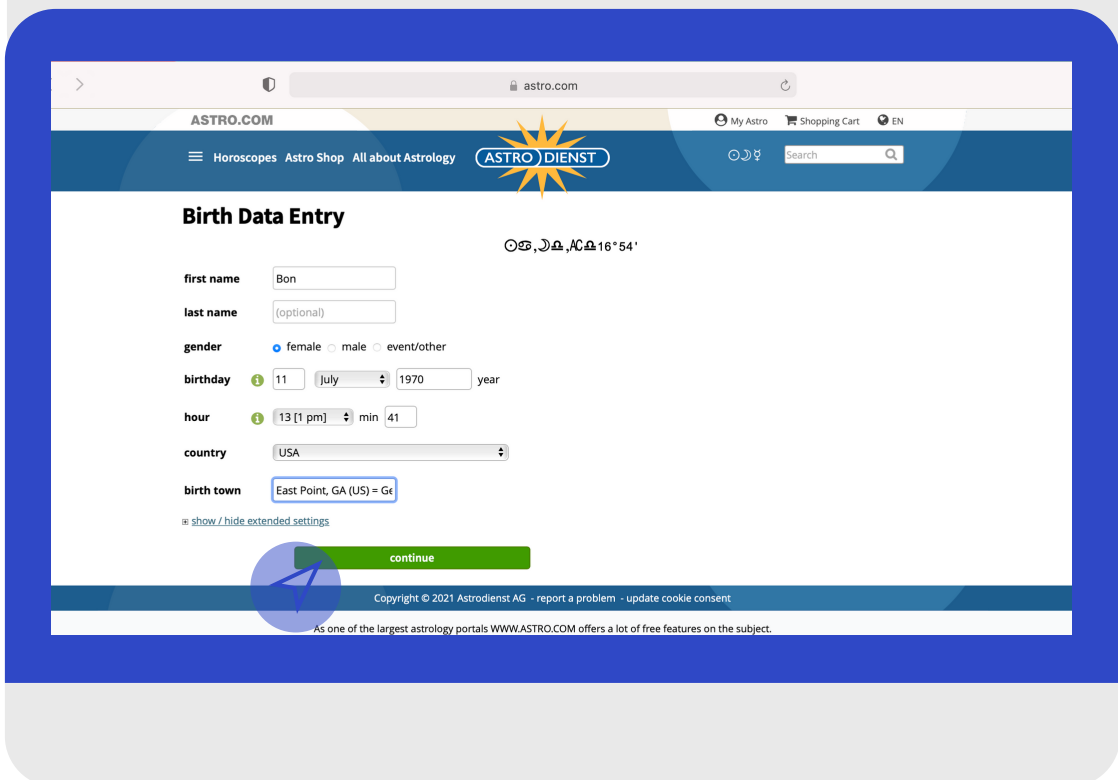

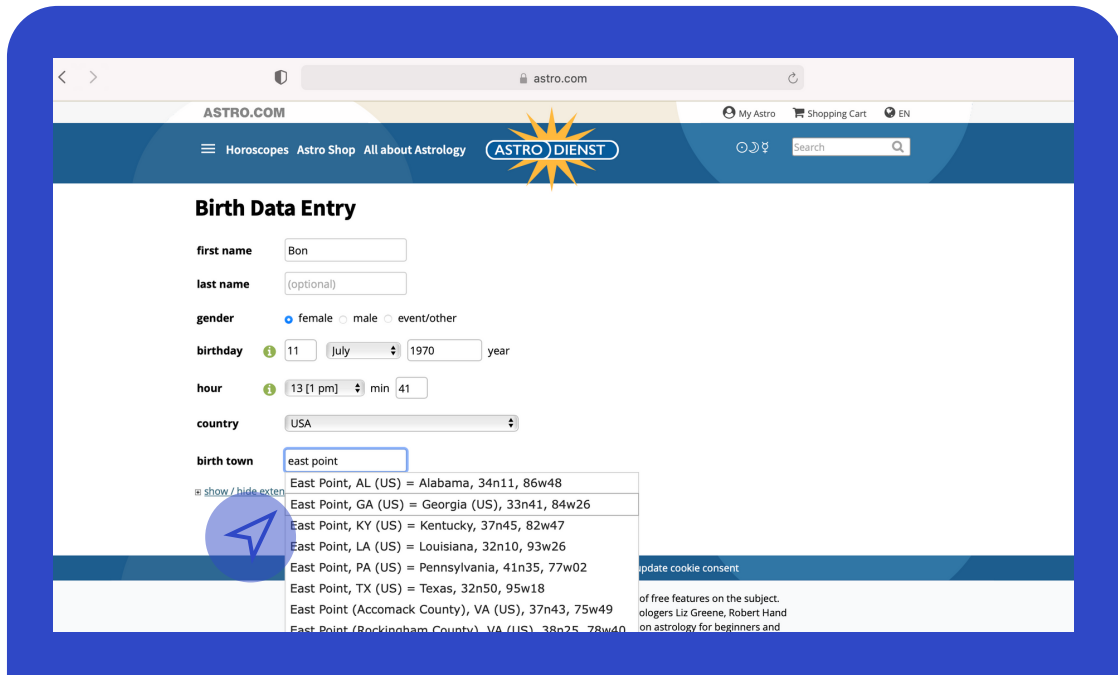

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

You can see how I've filled out the form using my information: name, gender (ugh, it's dated in its gender options), birthday, hour and minute of birth, country of birth, and then as I fill in the birth town, the site provides a few options (including longitude and latitude) for me to select from. Once I've made the selection, it's time to render my chart!

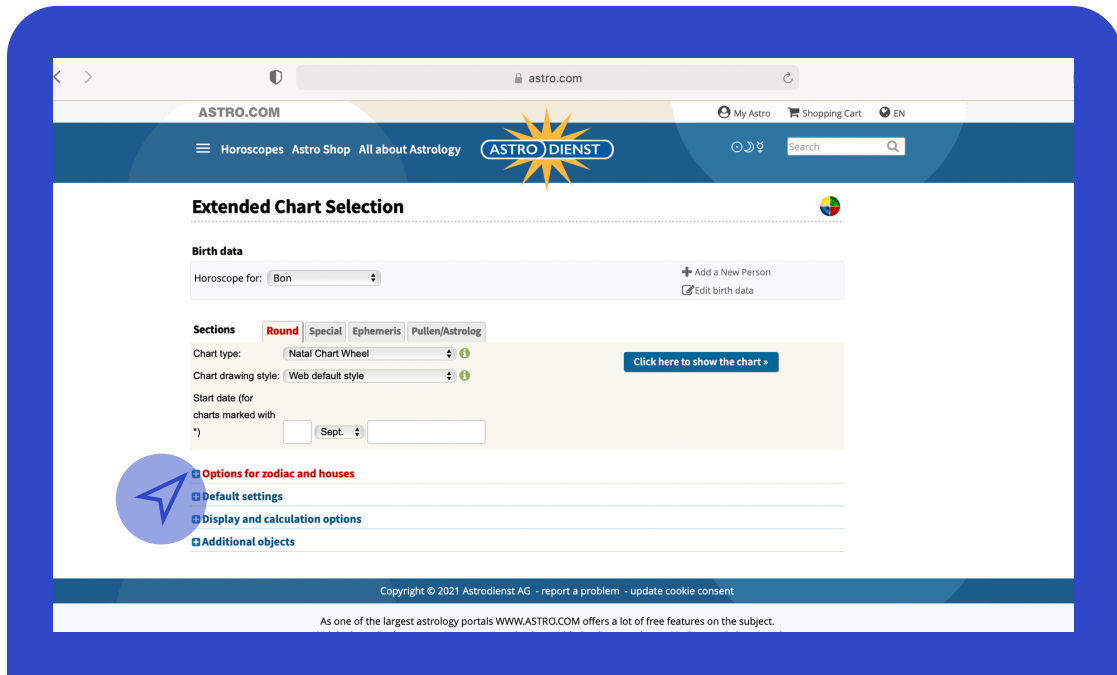

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

Now we're ready to shift from the default HOUSE system for astro.com to the one you'll be using for our 2022 planning webinar (**Whole Signs**). So, before clicking on the ever-so-tempting button that says "Click here to show the chart," be sure to expand the "Options for zodiac and houses" menu by clicking on it and selecting the **Whole Signs** menu option first!

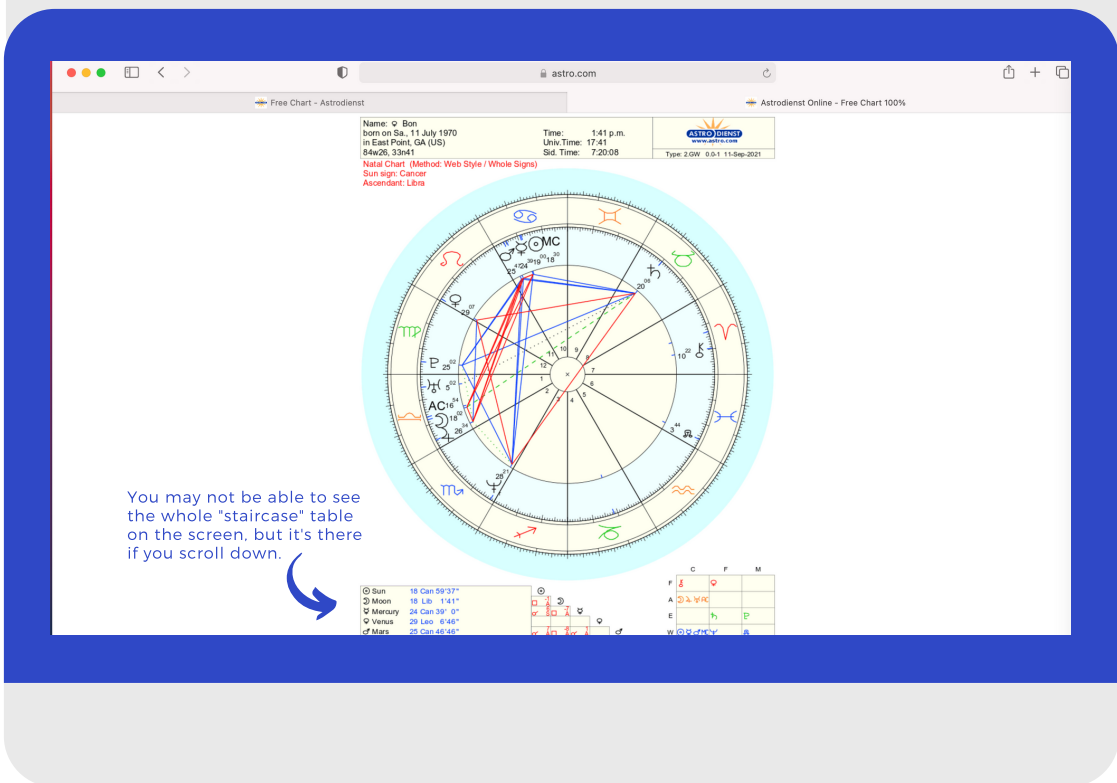

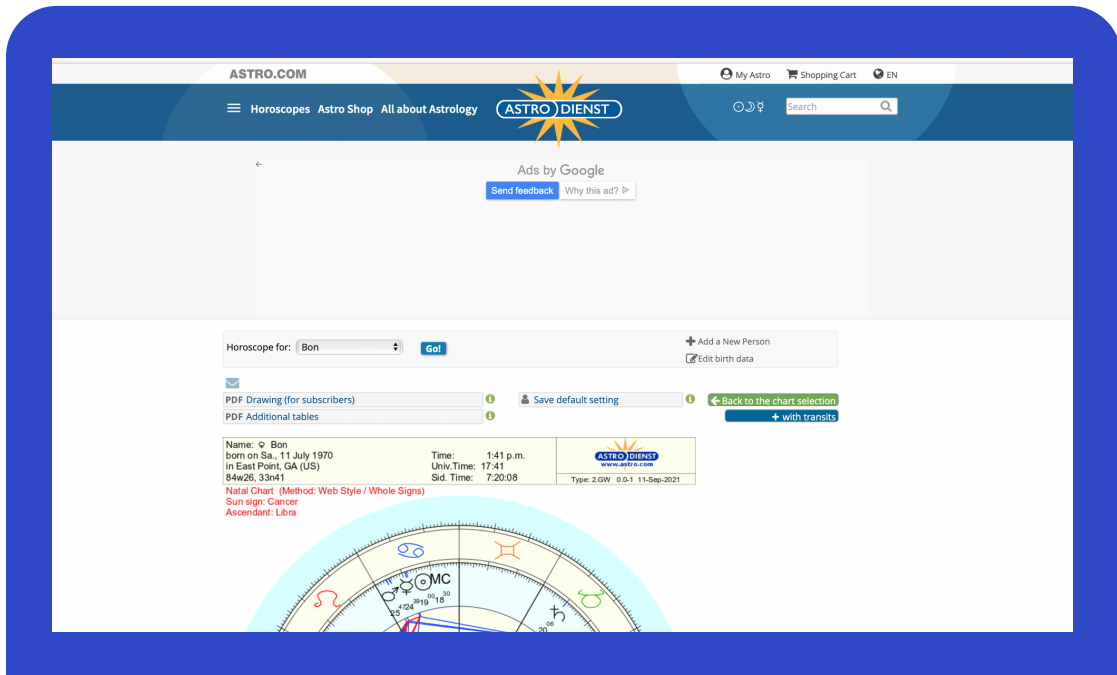

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

Once you've clicked on the "Click here to show the chart" button, you'll be seeing your Whole Sign birth chart (maybe for the first time). **Exciting!** There's a lot of data here, so don't get overwhelmed. When you click on the chart from here, a new tab will open with a printable chartwheel, your birth data, and tables with astrological glyphs and symbols.

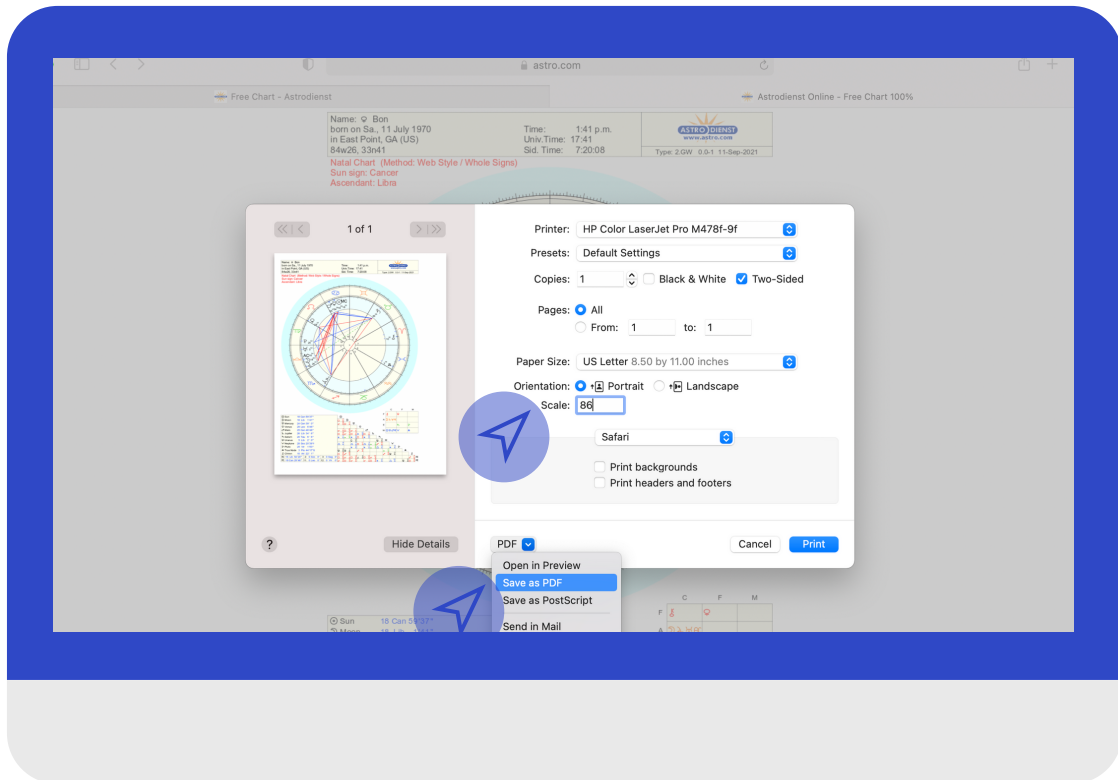

# HOW TO RENDER YOUR CHART

USING THE FREE NATAL CHART FEATURE AT ASTRO.COM

If you'd like to save your chart (and not just print it), when you are prompted by your browser's PRINT command to send the chart to the printer, just choose to save the chart as a PDF (this is a drop-down menu in my print window; it may look a little different for you, but it'll be in this general area). Doing this should put a PDF of your chart somewhere on your computer to revisit later! (You'll notice I changed the print scale to 86%. This is so my chart fits on ONE page. You may have to do a similar adjustment.)

**Now that your Whole Sign House System chart is in your hands, you're ready to hit PLAY on our astro planning webinar! HOORAY! (Yes, this work is just as awesome and effective in REPLAY mode. I promise!)**

# NUMEROLOGY: PERSONAL YEARS

BY THE ASTROLOGER'S DAUGHTER

Even without someone's birthtime or birthplace, you'll be able to calculate what sort of year they're having and what their setpoint is for experiencing their world. Start calculating the birth number and personal year number for yourself and those closest to you (or even do it for famous people! There are always so many fascinating patterns to track there). We'll start with the 9-year cycle.

**1 YEAR:** New beginnings, assertive energy, planting seeds, setting the tone for the next 9 years.

**2 YEAR:** Receptive energy, "abort or knit booties" for the seeds planted last year, emotional, uncertain.

**3 YEAR:** Manifestation based on how well those seeds were nurtured; creative celebration, social.

**4 YEAR:** Hard work, focus, drive, rolling up the sleeves and making stuff happen.

**5 YEAR:** Rebellion, play, reckless and free; a year of adventure and hunger for freedom.

**6 YEAR:** Domestic year focused on house and home, family, your health, making needed repairs.

**7 YEAR:** Going inward, turning spiritual, isolating to connect more deeply, building courage.

**8 YEAR:** The butterfly emerges, a power year (yours or power used against you), a year of being seen.

**9 YEAR:** Time to end what needn't come into the next cycle; declutter, end relationships, prune, clarify, and reset.

# NUMEROLOGY: BIRTH NUMBERS

BY THE ASTROLOGER'S DAUGHTER

Now we'll turn to your birth number, which you'll notice has significant alignment with the personal years on the last page. Begin to track patterns in your own life and get curious about those people in your life whose numerology you can calculate.

**1 BIRTH NUMBER:** Great at starting things (maybe not great at finishing 'em), assertive, eager, confident.

**2 BIRTH NUMBER:** Nurturing, possibly doubtful about braver things, emotional, possibly intuitive.

**3 BIRTH NUMBER:** Creative, social, connected to your community and network. Good at manifesting.

**4 BIRTH NUMBER:** Hard worker, diligent, focused, literal, pragmatic, an empiricist.

**5 BIRTH NUMBER:** Playful, fun-loving, confident life of the party, happy in the spotlight.

**6 BIRTH NUMBER:** Domestic, family/home focused, aligned with daily tasks more than the big picture.

**7 BIRTH NUMBER:** Spiritual, introverted, fascinated with psychology, philosophy, and deeper meaning.

**8 BIRTH NUMBER:** Bold, confident magnet for attention. Natural leader, powerfully in the public eye.

**9 BIRTH NUMBER:** Wise, detached (or overly-attached to "stuff"), calm, balanced.

# YOUR THEME FOR 2022

WHAT'S THE NUMEROLOGICAL VIBE FOR YOUR YEAR AHEAD?

Using my numerology walk-thru in the webinar, let's plot out your theme for 2022. Feel free to hit PAUSE and take some time with this!

PUT YOUR BIRTH **MONTH + DAY + 2022** HERE. ADD DOWN TO A SINGLE DIGIT. THIS IS YOUR THEME FOR 2022!

**2022** HAS THE SAME NUMEROLOGY AS **2013, 2004, 1995, 1986, 1977, 1968, 1959...** AND SO ON. WHAT DO YOU RECALL FROM THOSE YEARS?

JOT DOWN SOME WORDS THAT ALIGN WITH THE 2022 ENERGY FOR YOU. PERHAPS A WORD OF THE YEAR CAN COME FROM HERE?

# THE HOUSES

BY THE ASTROLOGER'S DAUGHTER

In basic astrology, the planet is the **WHAT**, the sign is **HOW** the what happens, and the house is the **WHERE** the what happens in that how way. Example: A **Venus** in **Leo** in the **11th House** ([Bonnie Gillespie](#)) means all the loving and valuing and beautifying is done in a very grand and passionate and public way specifically in broader communities and in service of utopian, innovative, progressive visions for us all. Don't worry if that's something you're scratching your head about as you read it; there's plenty of coverage in the webinar! For now, just get to know some of the **WHERE** that's already in your chart! (We all have all 12 houses!)

**1st HOUSE:** Your personality, your body, the impression that you make live here (it's the house of your Rising sign AKA Ascendant).

**2nd HOUSE:** This is where we find your values, your desires, your belongings (AKA your "stuff"), and your earned income.

**3rd HOUSE:** Your closest friends, siblings, cousins, and networking activities can be found here, plus communication, social media, and short travel.

**4th HOUSE:** Your family of origin, home, your "unseen parent," family land, heritage, and ancestry are rooted here.

**5th HOUSE:** This is where you'll find your creative expression, joy, friskiness, risk-taking, gambling, drama, and pleasure in life. Your children live here too.

**6th HOUSE:** Daily practices, your health and fitness, acts of service, and the jobby-job work you do (not your purpose in life) are here. This includes your co-workers and employees. Pets hang out in this house as well.

**7th HOUSE:** This is where partnerships live (both business and romantic partnerships, always 1:1). This can include your agents... and your enemies!

**8th HOUSE:** Your money issues are here (usually other people's money, investments in you, or loans you take out and taxes you pay) as well as your shadow work, secrets, sexual intimacy, death/transformation, and legacy.

**9th HOUSE:** Your love for learning, higher education, traveling great distances, and exploring things like religion, publishing, astrology, and law are anchored here.

**10th HOUSE:** Your chart's most visible stage! This is your higher calling and how you're seen in the world, where your true north and your brand meet!

**11th HOUSE:** This is your house of community, friends, tech, activism, idealistic view of the future, and innovative dreams for the greater good of the collective.

**12th HOUSE:** "The house of your undoing," this is where your (karmic, mental health) secrets, thoughts on loop, and confinements live. But also so much magic, like mysticism, spirituality, and intuition! Institutions (from hospitals to jails to retreat venues to rehab to systems we live by) hang out here too.

# GLYPHS, MODALITIES, ELEMENTS

BY THE ASTROLOGER'S DAUGHTER

Each of the fun symbols you see on your chart has meaning. This page covers a bunch of 'em. NOTE: There are variations in some signs (like Capricorn) and planets (like Pluto) and there's no different meaning implied when any particular version is used. Think of it like cursive vs. block letters. Remember, the planets are the **WHAT** and the signs are the **HOW!**

## THE PLANETS & PLACEMENTS

|    |                    |
|----|--------------------|
| ☉  | Sun                |
| ☾  | Moon               |
| AC | Rising (Ascendant) |
| ☿  | Mercury            |
| ♀  | Venus              |
| ♂  | Mars               |
| ♃  | Jupiter            |
| ♄  | Saturn             |
| ♅  | Uranus             |
| ♆  | Neptune            |
| ♇  | Pluto              |
| ♁  | North Node         |

## THE SIGNS

|   |             |
|---|-------------|
| ♈ | Aries       |
| ♉ | Taurus      |
| ♊ | Gemini      |
| ♋ | Cancer      |
| ♌ | Leo         |
| ♍ | Virgo       |
| ♎ | Libra       |
| ♏ | Scorpio     |
| ♐ | Sagittarius |
| ♑ | Capricorn   |
| ♒ | Aquarius    |
| ♓ | Pisces      |

While the staircase table for your chart showcases symbols that indicate the relationship between placements (specifically major aspects: conjunctions, squares, and oppositions; less-major aspects: sextiles and trines; and minor aspects: semi-sextiles and quincunxes), we won't go into any of that as a part of this free training. Of course, notice patterns! Stay curious about what you're seeing! And if you want to explore this deeper, join my woo membership!

Each sign has a **modality**; the disposition from which it does its work. For example, Capricorn is a Cardinal sign, so it does its Capricorn business from a POV of leadership. Consider modality to be a way to notice relationships between the signs in your chart!

**CARDINAL**: Aries, Cancer, Libra, Capricorn (the leaders)

**FIXED**: Taurus, Leo, Scorpio, Aquarius (the upholders)

**MUTABLE**: Gemini, Virgo, Sagittarius, Pisces (the shape-shifters)

Each sign also has an **element**; that's how it does its work. For example, Taurus is an Earth sign, and that means it does its Taurus business in a "put in the work" kind of way. This is another opportunity to check for common threads in how various signs relate!

**FIRE**: Aries, Leo, Sagittarius (passionate and magical)

**EARTH**: Taurus, Virgo, Capricorn (willing to put in the work)

**AIR**: Gemini, Libra, Aquarius (bubbling over with ideas)

**WATER**: Cancer, Scorpio, Pisces (intuitive and emotional)

# THE SIGNS

BY THE ASTROLOGER'S DAUGHTER

You certainly know "your sign" (this is the horoscope you may read from time to time). What you're talking about in that case is the sign the Sun was in when you were born. Of course, you *have* all 12 signs in your chart! Just look at the outside of the chartwheel. All 12 signs are players in your life's story *and* how you can invite in everything you've ever dreamed of! Yep, even in "empty" houses. NOTE: These GENERAL dates for Sun signs sometimes shift due to the 360° chartwheel vs. the 365-day calendar year (y'know, Leap Year and all that). Human time is so adorable. :) For now, just familiarize yourself with the various energetic signatures of these signs (the **HOW** part of our formula, remember?!?).

**ARIES**: March 21-April 19. The zodiac's puppy! Enthusiastic, excited, self-directed, ambitious, courageous, bold, pioneering, likely to act first and think later (maybe).

**TAURUS**: April 20-May 20. Slow and steady! Stubborn, practical, stable, loyal, determined, slow to anger. Loves things that feel great and that are built to last.

**GEMINI**: May 21-June 20. Up all night talking! Intellectual, expressive, adaptable, clever, versatile, chatty, musical, usually good with hands and always up for debates.

**CANCER**: June 21-July 22. Home is where the heart is! Sensitive, nurturing, creative, protective, emotional, intuitive, reserved, family-focused, strong.

**LEO**: July 23-August 22. Strut your stuff! Affectionate, generous, proud to lead, slow to change, loyal, creative, confident, charismatic, dramatic.

**VIRGO**: August 23-September 22. I have a list! Intelligent, analytical, cynical, discriminating, critical, detail-oriented, self-sacrificing healer.

**LIBRA**: September 23-October 22. Balance is motion! Diplomatic, artistic, beautiful, fair, indecisive, relationship-focused, opportunistic, charming.

**SCORPIO**: October 23-November 21. Intensely passionate! Secretive, sexy, calculating, resourceful, determined, willful. Learns your secrets, goes deep, and connects to your very soul.

**SAGITTARIUS**: November 22-December 21. Born to explore! Idealistic, philosophical, educated, world-traveler, confident, blunt, generous, enthusiastic, lucky, adaptable, expansive.

**CAPRICORN**: December 22-January 19. There's work to do! Ambitious, powerful, organized, structured, cautious, practical, economical, born to lead.

**AQUARIUS**: January 20-February 18. Let your freak flag fly! Rebellious, idealistic, cooperative, detached, altruistic, innovative, friendly, progressive.

**PISCES**: February 19-March 20. Pure magic! Sensitive, psychic, intuitive, artistic, mystical, musical, compassionate, empathetic, insecure, secretive, lives in other worlds and loses time.

# THE PLANETS & PLACEMENTS

BY THE ASTROLOGER'S DAUGHTER

All righty... now it's time to dive in on the planets and placements of your chart. While there are all sorts of minor planets, fixed stars, and asteroids out there, for our free 2022 planning session, our focus is on the 12 planets and placements (non-planet mathematical points) listed here. Again, get familiar with these and remember we're dealing with the WHAT in the formula for navigating your chart!

**THE SUN:** This life-giving luminary is your ego, your sense of self, your essence, your spirit, your source of will, your vitality, your authority. It's your life-car's navigator!

**THE MOON:** Your emotional body is deeply tied to the Moon. Your feelings, instinct, and intuition come from the setpoint of your natal Moon \*and\* fluctuate with what the Moon does, day to day. This is your inner home; it's how you feel safe. It's also the backseat driver in that car of your life, making sure needs are met.

**YOUR RISING:** Also known as your **Ascendant (AC or ASC)**, this is your belief system and daily life. It's how you come across, your physical characteristics, and your personal style. This is the driver of your life's car and the ruling planet of your rising sign has a lot to do with how you show up in the world.

**MERCURY:** Ruler of communication, travel, personal technology, how you learn, what you believe, and how you speak about what you know... all packed in one shifty little prankster of a planet. Your reasoning and dexterity are tethered here.

**VENUS:** How you love, see beauty, find balance, and deal with money – yep, money mindset \*and\* love language – are all in one place! Your core values, relationships, harmony, charm, sensuality, and artistic talents... all shaped by Venus.

**MARS:** The warrior planet is all about your motivation, fire for fighting and... another F word. ;) Look here for your passion, physical energy, stamina, courage, temper, drive for achieving, and impulses.

**JUPITER:** This is how you get lucky! If the planets all go to Vegas, Jupiter is driving the party bus! Jupiter is all about expansion, gifts, and blessings in life, adding glitter to your vision, your faith, your philosophical setpoint, and your flair for doing the most! No apology for exclamation points where Jupiter's concerned!

**SATURN:** It's back to basics time. Saturn is "the dad planet" (and we all have daddy issues) because it's making sure you're doing what you came here to do. Saturn is a minimalist, all about contraction, limits, structure, focus, rules, and tenacity.

**URANUS:** Your rebellious innovation is here. If you're gonna think outside the box, Uranus will be how you do it, with a dash of independent eccentricity. Uranus asks: "Where am I not free?" and then creates a revolution in the name of freedom.

**NEPTUNE:** This is the planet of deception, mystery, magic, creativity, spirituality, illusion, theatre, and the supernatural. Check here for secrets, addictions, and help from beyond!

**PLUTO:** I call Pluto the TOWER card. If you know tarot, you get the picture. This is a powerful generational planet of transformation. Its sign represents what your age group came to transmute, kill off, or forever change in our world! NBD. ;)

**YOUR NORTH NODE:** Your destiny. Your life's purpose. All the things beyond your perceived limits and practiced beliefs. As challenging as writing with your non-dominant hand. Do-able, but so uncomfortable to get used to that you may not!

|             |   |

# Beep! Beep! Your Life-Car, The Big 3, and More

During our free planning session, we go over how to identify **The Big 3** in your chart, what they each are in charge of on this roadtrip of your life, and where to place them in your **Life-Car**. Yes, the car we're all gonna use for this work is a Bentley, apparently. Thanks, Canva stock images! 😊 Works for me!

# Rulership! Your Life-Car, The Big 3, and More

The below is from an excellent resource website called Café Astrology. Each sign has a ruler. That's a planet whose energy is in charge of that sign's HOW (remember, the planet is the **WHAT**, the sign is the **HOW**, and the house is the **WHERE** it all shows up). Using traditional rulership, we've got 7 planets and luminaries that rule the 12 signs. What kind of energy is in your Life-Car? Is your process for decision-making and navigating your way to your life's goals making more sense suddenly?

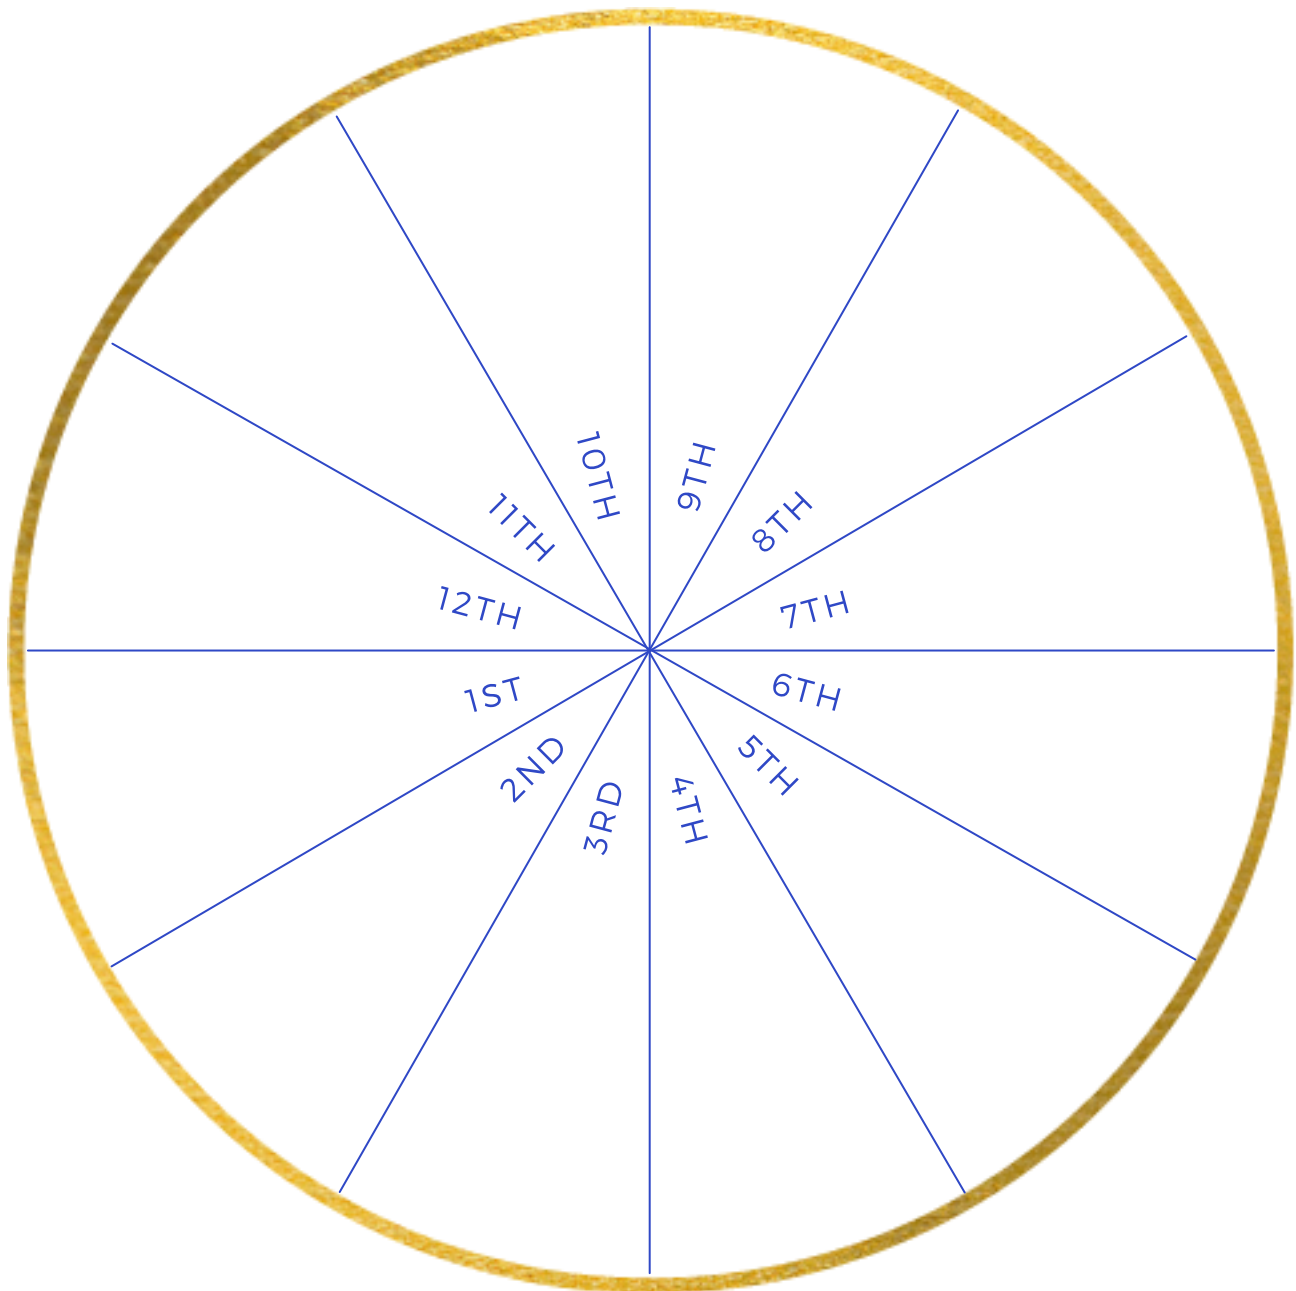

The following are the signs with their classical planetary rulers:

# Spotlight! Your 3 Most Important Months

Looking at your Whole Sign House System chartwheel, you have the same 12 houses as everyone else, exactly the same size, in exactly the same order. What is DIFFERENT for every single one of us is the unique combination of which signs line up with which houses, and then which planets and placements are in those signs and houses! When we get to the point in the webinar in which we map out our charts, we'll be using this starter wheel. As I guide you, plot out your signs and planets. Maybe write some keywords around the wheel, using the guides from earlier in this workbook!

# ANY QUESTIONS...

AS YOU PREP FOR OUR TIME TOGETHER?

It's possible that you've gotten so fired up about all of this that you have a bunch of questions. That's amazing! And awesome! Here are some of the most common Qs.

---

## **Q: Okay, so we're using Whole Sign Houses for our charts now?**

A: Yep, in this workshop, we're working with your chart using the Whole Sign House System! Placidus may be the default house system in the site or app you use to render your chart, and that's certainly fine for your use outside of this workshop! In using Whole Sign Houses, we're assuring the most straightforward way for you to SEE yourself in the stars. The Whole Sign House System makes this easy, because each house starts at the same place a new sign starts. Yay!

## **Q: I don't know my exact time of birth. Am I screwed?**

A: Not at all! Ideally, you'll be able to find out what time you were born from your birth certificate or by checking with a member of your family who remembers some details about the event. Some folks have luck calling the hospital at which they were born to access those archived records. If these options don't work out for you, there is a process called rectification that some astrologers are able to do for a fee. This is a process of studying several significant events in your life while interviewing you to determine the most likely range of birth times. For now, work with what you have! If you're not able to get your birth time sorted out, you can still have a wonderful experience getting to know yourself better. You won't be sure of your **RISING**, which means the houses may all feel \*off\* for you, but you'll have the planets in their right signs, and that's plenty to get aligned for an exploration that serves you well. For the sake of rendering your own chart for this training, use sunrise for the city in which you were born.

## **Q: Nearly half of my houses are totally empty on the chartwheel. What does this mean?**

A: It actually means you're like most people. :) The typical experience is to have a few planets or placements clustering together (clumping our lessons and gifts so they can serve one another and experience transits with similar timing) and then open spaces. Of course, even "empty" houses are in specific signs in your natal chart, so there's energy there! In fact, depending on what's directly opposite that house on the chartwheel, that "empty" energy could be exactly what you're meant to use to balance out all that activity on the other side of your chart. Cool, huh?

# Final thoughts...

I often hear that astrology is overwhelming. So many **signs** and **planets** and **houses** (Oh, my!) and that's before we even get into **transits** and **retrogrades** and **fixed stars** and **annual profections** and **secondary progressions** and **zodiacal releasing** and, and, and.

This is why I adore bringing my childhood love of astrological storytelling into the here and now. We can make meaning of so many nooks and crannies of our charts! But the whole point is for us to be empowered, to have sovereignty, to lean into what we may already be feeling is right, confident that it's exactly what our souls intended that we do!

While I believe in magic, I also love data. I love tracking patterns. And I especially love when I notice that data backs up something magical. The placebo effect is scientifically backed. Even when we know we're taking a placebo for a headache, the brain will send signals that relieve us from pain. So while some folks may roll their eyes at my adherence to planetary hours or about some of the rituals I swear by, I know what works for me. Hopefully you're now feeling more confident around your woo-curious setpoint, too.

And when you get turned around? Just look at your Life-Car and consider the disposition of your Big 3. Start there. Connect with the work you've put into this with me today, align with the energies you know are a part of the WHAT-HOW-WHERE formula, and breathe. You've got this!

Book a session with me! I don't call this a "reading" because I'm not forecasting for you. I'm coaching you as I'm going through your chart, placement by placement, and talking you through how each of these components shows up in your life, highlighting hidden strengths you could easily begin leaning into. (A **You in the Stars** mini-report is included.) <https://bonniegillespie.com/astro>

Join my **Aligned Advantage** membership! This is probably my favorite offering because it's a group of woo-curious creatives who love gathering monthly over Zoom to go through the next month's **Aligned Hustle Calendar**, day-by-day, to determine where our best opportunities lie and when we may want to stay in bed and avoid all humans for a while. (A **You in the Stars** mini-report is included.)

Thanks for checking out these offerings from **The Astrologer's Daughter** (that's me!). I look forward to making more magic with you soon!

## THE ASTROLOGER'S DAUGHTER

Faced with no career and no college degree, my resourceful, suddenly-single mother Charlsie decided that the hobby she had picked up – to explore WHY she ended up having an unplanned late-in-life baby (me) and WHY her husband of 28 years bailed – might be more than just a hobby. She booked her first paid reading in 1977 and earned \$20. Twenty years later, the Oprah folks called to book her on the show's "remembering your spirit" segment. Charlsie's enoughness was low, so of course she said no.

As a kid growing up, I remember coming home from school, bullied, and instead of the usual, "Oh, honey, they're just jealous," my mother would say, "Oh, honey, you know your Venus is afflicted in Leo." I've spent my life very much aware of all the rhythms of planetary influence and certainly how the moon can make one day a brilliant get-shit-done day and then it switches into a sign that makes everything feel sloth-like.

Over the years, I've gotten less private about my woo-woo upbringing and my showbiz clients have started asking, "What does it mean, when you say such-and-such about how you decide it's the right time to do X or Y or Z?" and so I share a little bit here and there and, well, we've now reached a point where it's \*such\* a thing that I have creatives booking coaching sessions with me NOT to do the **Self-Management for Actors** work on which I've built my empire, but to have their charts done! Turns out I'm really good at it.

I promise not to say no when Oprah calls.
