11:39:32 From Bonnie Gillespie (she/her): But we LOOOOVE IT.  
11:40:39 From Kellye Rowland: like oppositions are looking at the same thing from different sides, kind of just like math (more clinical) and music (more emotional/feeling) this stuff fascinates me...  
11:42:22 From Jill Austin: YESSSSS  
11:42:24 From Kellye Rowland: yeah  
11:43:29 From Bonnie Gillespie (she/her): Yesssssssssss!

11:49:39 From Rachel Lang (she/her): Outer - generational - when they aspect inner planets - intense  
11:49:53 From Rachel Lang (she/her): They show our evolutionary growth and soul themes  
11:50:34 From Kellye Rowland: i can't remember what i experienced yesterday much less when i was 46 😂

11:56:06 From Kellye Rowland: ha good one Jill!!  
11:57:28 From Bonnie Gillespie (she/her): I love Rachel's take on this so much!  
11:57:32 From Bonnie Gillespie (she/her): 🤔  
11:59:38 From Bonnie Gillespie (she/her): While it's not technically an opposition, it behaves like on in our lives.  
12:00:40 From Kellye Rowland: ahhh so the impact isn't necessarily "perfect/hard" like math has to be? if within a few degrees it still will have influence?  
12:00:41 From Bettina Kenney: I definitely need to listen to this again... (ten times more likely...) and also I just love listening to this!  
12:00:56 From Bonnie Gillespie (she/her): Kellye, yes. Each aspect has a different orb of influence.  
12:01:00 From Bonnie Gillespie (she/her): We'll get to that next.

12:03:31 From Bettina Kenney: Wait, WHICH HOUSE  
12:03:34 From Bettina Kenney: ;P  
12:03:45 From Kellye Rowland: i downloaded the Time Passages app and noticed the classification of "strong/medium/weak" so that's what you're referring to now right?

- 12:03:53 From Bettina Kenney: MC Lang in ALL da houses
- 12:04:09 From Rachel Lang (she/her): Strong in TP means tight orbs, usually, or major aspects (ptolemaic aspects)
- 12:04:22 From Rachel Lang (she/her): Separating wide orbs... "weak" in TP
- 12:04:36 From Kellye Rowland: ok. i got ahead of myself cleary lol
- 12:05:32 From Bonnie Gillespie (she/her): BTW, look at Serena Williams' 6H!!
- 12:05:46 From Kellye Rowland: jesus!
- 12:05:48 From Bettina Kenney: WHOA!!!!
- 12:07:37 From Bonnie Gillespie (she/her): Inners to inners = any of those first 5 in aspect to one another.
- 12:07:54 From Bonnie Gillespie (she/her): Social to inners = Saturn/Jupiter in aspect to any of those first 5.
- 12:08:11 From Bonnie Gillespie (she/her): Outers to outers = Uranus/Neptune/Pluto in aspect to one another.
- 12:08:30 From Bonnie Gillespie (she/her): "Rules" we create as our own beliefs.
- 12:08:39 From Bonnie Gillespie (she/her): Social to personal. ^^

- 12:09:43 From Bonnie Gillespie (she/her): ANYTHING to the Nodes = purpose activators.
- 12:10:32 From Bonnie Gillespie (she/her): ASC, IC, DSC, MC = the angles.

- 12:15:32 From Kellye Rowland: why hello Saturn! lol
- 12:17:14 From Bonnie Gillespie (she/her): Isolate. Then layer. Then integrate.
- 12:17:45 From Bettina Kenney: What if a conjunction happens in 2 houses?
- 12:17:54 From Bettina Kenney: like 29° and 1°?
- 12:18:55 From Bettina Kenney: Aaaah, I see! 😊 Futon-situation needs exploration...
- 12:19:02 From Bettina Kenney: and that
- 12:19:06 From Bettina Kenney: Thank you 😊

- 12:25:20 From Kellye Rowland: ❤️
- 12:26:07 From Bonnie Gillespie (she | her): Combust = 17° to 20°
- 12:26:50 From Bonnie Gillespie (she | her): Some will say as low as 8° = combust, but that's iffy.
- 12:27:29 From Bonnie Gillespie (she | her): Also, different planets can have different combust degrees, if we want to get really nuanced.
- 12:27:44 From Sarah Page: I have Mars combust my sun
- 12:27:46 From Bonnie Gillespie (she | her): There's a LOT.

- 12:29:39 From Rachel Lang (she/her): Also, asteroids are going to have different orbs of influence
- 12:29:56 From Tiffany Polite: my mercury is combust, in cancer, and I have a 3H Neptune - lots of mental fogginess/confusion
- 12:30:33 From Bonnie Gillespie (she | her): So, Tiffany, what do you do to connect more with your Mercury? To help it support Neptune?
- 12:31:00 From Tiffany Polite: no idea lol
- 12:31:08 From Bonnie Gillespie (she | her): <3
- 12:32:12 From Kellye Rowland: if my sun is at 25 degrees and moon is 1 degree in the sign before would that be a full moon lunation?
- 12:32:35 From Bonnie Gillespie (she | her): Kellye — full moon is an opposition. 😊
- 12:32:55 From Kellye Rowland: ahhh ok gotcha

- 12:42:08 From Bonnie Gillespie (she | her): "I have to bring the unseen to light."
- 12:43:19 From Sarah Page: Lol so an opposition with Saturn will be extra slow?

13:04:38 From Bonnie Gillespie (she | her): Agree, Jill!  
13:05:15 From Bonnie Gillespie (she | her): The Nodes are helping with that see-saw.  
13:05:26 From Jill Austin: What if that was ok?  
13:05:30 From Bonnie Gillespie (she | her): ^^  
13:06:03 From Kellye Rowland: balance is what it is. at its root essence
