11:33:53 From Kellye Rowland: Looks great!

11:37:10 From Kellye Rowland: Rather than interesting

11:37:34 From Bettina Kenney: Not catsitting anymore...

11:37:49 From Bettina Kenney: unintentional

11:40:05 From Bonnie Gillespie (she | her):
<https://www.youtube.com/c/AstrologyHub/videos> — this is where Rachel's forecast will be.

11:41:06 From Bonnie Gillespie (she | her): Certain planets cannot go out of bounds (OOB). But the close-in personal planets can.

11:41:09 From Bonnie Gillespie (she | her): And the Moon.

11:41:34 From Bonnie Gillespie (she | her): Keith has OOB natal planets.

11:43:06 From Bonnie Gillespie (she | her): OMG YES

11:43:38 From Bonnie Gillespie (she | her): Bringing the LEGENDS into the debate.

11:44:24 From Bettina Kenney: MistressBoard!

11:46:36 From Kellye Rowland: Does it note that on the natal chart or do you need to render a special one?

11:48:03 From Bonnie Gillespie (she | her): <https://www.lunarium.co.uk/calculators>

11:48:38 From Kellye Rowland: Now I totally need to find out~~! lol

11:50:20 From Jill Austin: It is the year of the Water Rabbit....lol

11:56:42 From Bettina Kenney: and in which system 🤔

11:57:23 From Bettina Kenney: That seems like a German name...

11:59:48 From Kellye Rowland: It's interesting because my Mars, which is my chart ruler and big player in my chart, in in the 6th house in Placidus, making my stellium there even bigger haha -but it's in 5th house in whole signs.

12:01:41 From Kellye Rowland: Are we gonna do everybody's? That would be fun!

12:02:00 From Bettina Kenney: yes, please!

12:03:11 From Jill Austin: Is OOB 23 to 27 degrees?

12:04:49 From Jill Austin: What are the OOB numbers you are looking for?

12:07:38 From Kellye Rowland: Imma have to check my wife's chart too on Venus lol

12:14:43 From Bonnie Gillespie (she | her): Sending you love, Kellye. (And also Kelly.) ;)

12:15:32 From Bonnie Gillespie (she | her): I love that. What we want to do with OOB planets is give them resources for trying new ways to get what they need. Create the container that's different from the "norm" for them.

12:34:42 From Bonnie Gillespie (she | her): I've done that too, Jill. I find that to be a helpful workout at times.

12:35:11 From Kellye Rowland: And it's so scary though because WHAT IF WE DON'T or are wrong. That's the thing.

Don't Go Back To Sleep

The breeze at dawn has secrets to tell you.
Don't go back to sleep.

You must ask for what you really want.
Don't go back to sleep.

People are going back and forth
across the doorsill
where the two worlds touch.

The door is round and open.
Don't go back to sleep.
