- 11:42:51 From Bonnie Gillespie (she | her): C prompt
- 11:42:52 From Bonnie Gillespie (she | her): LOL
- 11:45:51 From Bonnie Gillespie (she | her): It's like using a Placidus chartwheel and how houses will be different degrees based off where you were born.
- 11:45:58 From Bonnie Gillespie (she | her): Same thing on the astrocartography map.
- 11:46:37 From Bonnie Gillespie (she | her): Next power ball winner is going to be IN MY HOUSE.
- 11:47:21 From Bonnie Gillespie (she | her): That answers your question, Bettina, about how many miles away.
- 11:49:24 From Bonnie Gillespie (she | her): Mundane = day-to-day woo weather.
- 11:54:25 From Jill Austin: Tara - how did you know this was you?
- 11:54:41 From Tara Wilken: My name is on the top of the screen
- 11:54:42 From Kellye Rowland: Those lines remind me of the energy field around the vetruvian man(?)
- 11:54:52 From Kellye Rowland: Or meditative aura energy
- 11:54:56 From Jill Austin: oh...lol
- 11:55:28 From Tara Wilken: Nothing exciting as being physic..... ;)
- 11:55:33 From Bonnie Gillespie (she | her): Venus-ruled people do NOT appreciate Solar Fire's lack of progress in the graphics department.
- 11:55:39 From Kellye Rowland: lol

11:56:07 From Kellye Rowland: Oh my god my eyes are swimming already lol
11:56:23 From Bonnie Gillespie (she | her): These are YAYs and BOOs in a table, BTW.

11:57:31 From Kellye Rowland: Mercury rules Aquarius?
11:57:45 From Bonnie Gillespie (she | her): Move to a stronger ruling planet of the MC
or move a stronger planet onto the MC line you have.
11:57:57 From Remy O'Brien: No Saturn does Kellee
11:58:06 From Kellye Rowland: Right so that's why I was confused
11:58:21 From Bonnie Gillespie (she | her): Kelley — her MC is Gemini, ruled by Mercury.
11:58:42 From Kellye Rowland: Ahhhh I misread the sign glyph-thanks
11:58:46 From Bonnie Gillespie (she | her): ;)
11:59:14 From Bonnie Gillespie (she | her): How's that feel, Tara?

12:02:37 From Bonnie Gillespie (she | her): MRWAR
12:03:03 From Bonnie Gillespie (she | her): I'm just loving picturing Tara on a Mediterranean cruise.
12:03:46 From Remy O'Brien: is that always stay away from neptune
12:05:02 From Bonnie Gillespie (she | her): My understanding of that, Remy, is that it makes things confusing/unclear. And especially going abroad, it could mean we really don't understand the culture, etc.
12:06:47 From Bonnie Gillespie (she | her): Neptune = escape
12:09:12 From Bonnie Gillespie (she | her): Moving to Jupiter gets you living on your Neptune. LOL
12:11:08 From Bonnie Gillespie (she | her): We west coasters are so...
12:11:09 From Bonnie Gillespie (she | her): ;)

12:14:02 From Bonnie Gillespie (she | her): Stop the self-criticism?
12:17:14 From Bonnie Gillespie (she | her): I love that idea. Retiring at the Moon line.
12:17:20 From Bonnie Gillespie (she | her): Sounds nurturing.
12:18:12 From Tiffany Polite: so how do the lines work if its a small place given that there isn't much spatial difference?
12:19:01 From Bonnie Gillespie (she | her): Tiffany — Rachel mentioned that we can use an orb of about 300 miles for the same astro.
12:19:45 From Tiffany Polite: thanks, sorry that I missed that part
12:20:03 From Bonnie Gillespie (she | her): Yeah, I figured that was right up top, when she said that. ;)
12:20:08 From Bonnie Gillespie (she | her): We jumped right into it today!
12:20:55 From Kellye Rowland: Windows 95 🤔

12:45:28 From Bonnie Gillespie (she | her): So the thing you're seeing that looks like the Capricorn glyph is actually the letters Ds (really small s), to represent the Descendant (opp. Rising).
12:46:19 From Bonnie Gillespie (she | her): Look at Jupiter trying to take her back up to where she was born.
12:47:49 From Bonnie Gillespie (she | her): And that's Aries NN again!
