- 11:35:45 From mariewatkins: Nice to see so many familiar faces!
- 11:37:14 From Gladys she/her: Yeah yeah yeah!!!
- 11:37:54 From dana hauser: we are all so blessed to be here! Yes! Abundance and success for all
- 11:46:00 From Kimberly (She/Her): Sun Sign: the gateway drug
- 11:54:36 From Bonnie Gillespie (she | her): Qualities are also sometimes known as modalities or modes.
- 11:54:57 From Bonnie Gillespie (she | her): Quadruplicates.
- 11:55:03 From Bonnie Gillespie (she | her): Lots of AKAs in astro-lingo.
- 11:55:49 From Bonnie Gillespie (she | her): I call the fixed signs UPHOLDERS. They'll uphold that deal all day.
- 11:59:51 From paulafairfield: How do u determine ruling planet?
- 12:02:19 From Bonnie Gillespie (she | her): It's aMOOD y'all!
- 12:02:42 From Bonnie Gillespie (she | her): It's your sweet, soft underbelly.
- 12:04:17 From heather to Bonnie Gillespie (she | her)(Direct Message): Can you give an example for "employees?"
- 12:04:43 From dana hauser: lol
- 12:06:21 From Bonnie Gillespie (she | her): Heather — employees if you run a small business with a VA or assistant or team/staff of any kind.
- 12:06:39 From Bonnie Gillespie (she | her): For those who don't have employees, it's your buyers, your audience, your fanbase.
- 12:08:05 From BRIGID: Today is a Gemini moon - Mercury-ruled sign! On a Wednesday (Mercury-ruled day!)
- 12:08:07 From Liz Hackworth: Moon phases affect things too right?
- 12:08:21 From mariewatkins: Don't forget nap time during moon hour LOL
- 12:08:58 From Mae Ruling: Lol at the "air sign it out at you"

- 12:09:03 From Mae Ruling: It's too real for my own life
- 12:10:41 From Tara Wilken: After I learned about this - corporate people don't get alot stuff done on air moons - because everyone is chatting — it was great to see how this plays out with people who had no idea
- 12:10:41 From Bonnie Gillespie (she|her): LOL right, Mae?
- 12:10:47 From Bonnie Gillespie (she|her): YES, Tara!!
- 12:10:49 From Gladys she/her: you said every month?
- 12:10:53 From Gladys she/her: when it aligns?
- 12:10:56 From Bonnie Gillespie (she|her): Gladys— Yes!
- 12:11:11 From Bonnie Gillespie (she|her): Every month you have a lunar return: the Moon is at the same place it was at your birth once a month.
- 12:11:18 From Bonnie Gillespie (she|her): Use that as a reset! :)
- 12:11:30 From Gladys she/her: Oh OK, that's awesome.
- 12:12:25 From n: Is it the sun sign we look at the moon with? I'm an aquarius, would I look at the Aquarius moon or a different one? Sorry, excited but new
- 12:12:40 From Bonnie Gillespie (she|her): No worries, N. You look at your MOON on your natal chart. :)
- 12:12:52 From Bonnie Gillespie (she|her): When is it back at the point it was when you were born, every month?
- 12:13:13 From n: Thank you, reckon I'll need help with all that
- 12:13:37 From Bonnie Gillespie (she|her): N—head back over to the Week 1 page and take a look at that screen share I did on how to identify your big 3 in your natal chart. :)
- 12:13:54 From Bonnie Gillespie (she|her): Or, N, we'll do that with you here during the Q&A portion of the Zoom. :) All good.
- 12:13:56 From Bonnie Gillespie (she|her): We've got you!
- 12:14:34 From heather to Bonnie Gillespie (she|her)(Direct Message): Interesting. I do resonate with all three big houses as far as what I "need"
- 12:15:42 From heather: Whoops!
- 12:15:50 From Bonnie Gillespie (she|her): All good! :)
- 12:15:53 From heather: Yes big signs.
- 12:15:54 From n: So awesome!! Thank you, I'm excited and it's Noemi can't rename sorry
- 12:16:11 From Nina Hatchwell: Sorry just to clarify (newbie here) If my sun is Scorpio and my moon is Libra - this particular analysis was around how Libra shows up for me in my sign scorpio?
- 12:16:11 From dana hauser: yes gem moon here —
- 12:16:19 From Bonnie Gillespie (she|her): There! Noemi! I've renamed you. :)

- 12:16:32 From Liz Hackworth: The three “things my customers crave” from my moon sign are pretty much the three main categories of descriptors I get from brand surveys
LOL too cool
- 12:16:43 From Bonnie Gillespie (she | her): Nina—let’s have you ask that during Q&A okay?
- 12:16:47 From Kimberly (She/Her): nice, Liz!
- 12:16:54 From Nina Hatchwell: ok thank you :)
- 12:17:11 From Kimberly (She/Her): I definitely see my "needs" reflected by my Capricorn moon!
- 12:18:03 From Bonnie Gillespie (she | her): This is why your time of birth (and place) have everything to do with the biggest of the big 3 (your rising, your chart ruler).
- 12:18:32 From Gladys she/her: rising sign is from the day or where the sign was anywhere on earth?
- 12:18:40 From Bonnie Gillespie (she | her): Next week we do a deep dive on YOUR CHART RULER (plus the benefics).
- 12:18:59 From Bonnie Gillespie (she | her): Gladys—where at the time of your birth, place of your birth.
- 12:19:41 From Kimberly (She/Her): IS AC always in "1st House"?
- 12:19:49 From April Sugarman: yes
- 12:20:18 From heather: Same!
- 12:20:29 From Bonnie Gillespie (she | her): Yes, Kimberly. It is the angle that kicks off the 1st house in most house systems (and in Whole Sign houses, it may be in the middle of that 1st house). But always 1st house, no matter what house system we use.
- 12:20:31 From heather: And then I learned to wear my hair curly and get on a budget lol.
- 12:20:38 From dana hauser: me too !! I resist my Cap rising so much and why Saturn is my ruler!
- 12:20:42 From Bonnie Gillespie (she | her): LOL Heather!
- 12:20:44 From Gladys she/her: OMG so many contradictions! My rising is ruled by Saturn but I hate being told what to do. Oh my.
- 12:20:47 From BRIGID: LIBRA
- 12:21:02 From Bettina Kenney (she/her): SAAAG!
- 12:21:05 From Bettina Kenney (she/her): Yaaaay
- 12:21:07 From paulafairfield: Gladys me too. Ha!
- 12:21:20 From Gladys she/her: LOLOL
- 12:21:24 From Bonnie Gillespie (she | her): Keith (my husband) = Sagittarius rising.
- 12:21:27 From Bonnie Gillespie (she | her): Shocker.
- 12:21:32 From April Sugarman: Sag rising!

- 12:21:33 From Gladys she/her: LOL Bonnie
- 12:21:37 From Bettina Kenney (she/her): *giggle*
- 12:21:46 From mariewatkins: Gemini rising. Took me a long time to embrace this one
- 12:22:10 From Amelia Rico: My hubby is Sag rising too, Bon! :D
- 12:23:21 From Bonnie Gillespie (she | her): Your Instagram spectrum. All of it.
- 12:24:42 From Liz Hackworth: I've heard these characteristics describing the correlating sun signs as well... is it a mix of sun and rising, or was that a farce? (Ie, does sun affect this at all too?)
- 12:25:26 From Bonnie Gillespie (she | her): It's far more rising than sun, Liz. See: "Sun sign astrology" and its very recent popularity. And astrologers trying to use the sun to teach ALL the lessons of astrology. It's way more rising.
- 12:25:56 From Liz Hackworth: Ok cool, thanks!
- 12:26:01 From Bonnie Gillespie (she | her): Liz—It's not that it's WRONG; it's just using a way broad brush to do something that's way more nuanced.
- 12:26:09 From Liz Hackworth: Roger that :)
- 12:26:13 From Bonnie Gillespie (she | her): (And I'm not mad at them for that; they're just trying to make astrology accessible to everyone.)
- 12:27:36 From dana hauser: this is so spot on!
- 12:27:38 From Kimberly (She/Her): can't argue with the Stars, Bon!
- 12:28:00 From Bonnie Gillespie (she | her): Sucks to be Libra. ;) Not.
- 12:28:08 From mariewatkins: I've never heard the physical characteristics piece before. It's blowing my mind!
- 12:28:24 From Gladys she/her: Yeah, this is fascinating.
- 12:28:26 From Bonnie Gillespie (she | her): Marie—my mom used to profile people with this. It was SO cool.
- 12:28:26 From dana hauser: omg!!
- 12:28:50 From Bonnie Gillespie (she | her): We'd be at the gate at the airport, and she'd point out people and tell me their rising based on how they looked.
- 12:28:56 From mariewatkins: I need to learn more about this since it's really relevant to my career work too!
- 12:28:59 From Liz Hackworth: I just looked up female celebs with my rising sign and sooo many of them also show up on my brand surveys! What on earth! This is fun...
- 12:29:12 From Bonnie Gillespie (she | her): LOVE that, Liz. Not surprised. And totally, Marie. Big must.
- 12:30:18 From Gladys she/her: Oops, I missed the tall gene! And poker face is so-so. but aquamarine is my favorite color!!
- 12:30:41 From Tara Wilken: I have to drop. So enjoyed this - what a great midday break.
- 12:30:47 From Bonnie Gillespie (she | her): Bye, Tara!!!

- 12:30:50 From Bonnie Gillespie (she | her): So glad to see you.
- 12:31:04 From Noemi to Bonnie Gillespie (she | her)(Direct Message): Is the ascendant the rising sign?
- 12:31:29 From Bonnie Gillespie (she | her): Noemi— Yes. Go back to the Week 1 screenshare I did (and the workbook) for all of that. :)
- 12:32:08 From paulafairfield: Frighteningly accurate
- 12:32:13 From Mae Ruling: What if you don't particularly like the colors associated with your rising?
- 12:32:16 From Gladys she/her: I just always laugh at tall since my family is a bunch of tiny people.
- 12:32:21 From Gladys she/her: LOLOL
- 12:32:43 From Liz Hackworth: I'm wondering that, too, Mae
- 12:32:44 From Bettina Kenney (she/her): Giggle, this Sag is tiny, but I guess definitely *larger than life*
- 12:32:46 From Bettina Kenney (she/her): lol
- 12:33:15 From Bettina Kenney (she/her): Gladys, with you! :D
- 12:33:25 From Gladys she/her: Hee hee!
- 12:33:28 From April Sugarman: Does larger than life mean holds onto extra weight?
- 12:33:48 From Bonnie Gillespie (she | her): And so will your Venus!
- 12:33:57 From Bonnie Gillespie (she | her): Since Venus is beauty.
- 12:34:40 From Gladys she/her: And my legs have always been strong. Whohoo!
- 12:34:49 From Kimberly (She/Her): Love that you said we are 'moving into it'...I recall a very specific time when I was totally uncomfortable being a basketball coach for kids (Sag rising) - but it was SO long ago!
- 12:35:52 From BRIGID: did we skip 4-6?
- 12:35:54 From Liz Hackworth: Skipped a slide!
- 12:36:01 From mariewatkins: Will you be sharing these slides with us later?
- 12:36:37 From Liz Hackworth: I hope so! So much great info in there!
- 12:36:51 From Gladys she/her: Yes, please!
- 12:38:08 From paulafairfield: Is the house the inner dial? I don't understand where the houses r
- 12:38:21 From Bonnie Gillespie (she | her): Paula— yes. Those numbers around the center of your chartwheel.
- 12:38:30 From Bonnie Gillespie (she | her): This is in the screenshare I have on Week 1 if you need to review it. :)
- 12:38:57 From paulafairfield: What if u have nothing in a house?
- 12:39:08 From Gladys she/her: Yes, I have a few with nothing.
- 12:40:03 From paulafairfield: Sorry I thought I had read everything. Missed that

12:40:05 From Gladys she/her: so we can figure out the sign of the house and get clues there. Got it!

12:40:23 From Gladys she/her: I did see that video but I didn't quite get it.

12:40:26 From Gladys she/her: Yayyyyyyyyyyy

12:40:43 From Valerie Madden: Will you include these slides to download and look deeper at to ref?

12:46:43 From April Sugarman: I have a question about the sun activation

12:47:03 From heather: You mentioned the heart being ruled by the sun....and the moon? Can you clarify?

12:47:36 From Liz Hackworth: I would also love to have access to the slides if possible :)

12:54:57 From Mae Ruling: Joy, I am so glad you asked this question!!

12:56:02 From Bonnie Gillespie (she | her): Dispassionate labeling.

12:56:52 From Gladys she/her: 2 malefics are Mars and Saturn?

12:57:00 From Rachel Lang: Yes, Gladys!

12:57:21 From Gladys she/her: they rule my moon and rising!

12:57:37 From Rachel Lang: That can be really powerful, too!

12:57:55 From Gladys she/her: Yes, I need to harness it!

12:58:51 From Leah Cevoli: Great! Mars and Saturn are in my 10th house hanging out together lol

13:00:31 From Liz Hackworth: She also has a stellium in her first house, right? Or no?

13:02:28 From Gladys she/her: houses with only 2 are NOT stelliums, right? Or is it "stellia?"

13:02:37 From Gladys she/her: Oh, got it.

13:02:40 From Gladys she/her: 3 or more.

13:03:30 From Noemi to Bonnie Gillespie (she | her)(Direct Message): I think I managed to sort out the chart but I don't understand it yet :) hopefully throughout the course I will. I think it's just more advanced.

13:07:23 From mariewatkins: I need to drop off and to get back to work. This has been great!

13:08:28 From April Sugarman: IDEALISM for me — my life in a bubble

13:09:08 From Bonnie Gillespie (she | her): That's the use of planetary hours right there. "I need my alone time." SCHEDULE IT for an hour/day that aligns with that.

13:09:26 From April Sugarman: Yes! Self-acceptance is one major thing I got from learning about astrology — allowing me to be me

13:10:48 From Alyssa: SAME Mae!

13:10:59 From Bonnie Gillespie (she | her): Chaos is very Mercury.

13:11:54 From Gladys she/her: That is eye-opening because I'm constantly dealing with chaos.

13:12:06 From Gladys she/her: My desk, my house, the recycling, all a hot mess.

13:13:32 From Noemi: I'm in awe of everyone's ability to even talk about all these aspects, I don't understand any of it yet. Managed to somewhat create the chart but it's all in one place really. I'm excited and hoping to learn

13:14:21 From Kimberly (She/Her): You are in good company Noemi - as you listen & take in more, it starts to make more & more sense; and also creates more & more questions!

13:17:10 From Kimberly (She/Her): Yee Haw!

13:18:50 From April Sugarman: Hi, Heather! Have fun!

13:19:21 From heather: Helloooooo April! Good to see you!

13:21:06 From Alyssa: Soooo interesting

13:21:27 From paulafairfield: I have no lines or glyphs or anything in four houses and signs, do the signs themselves still have some juice in the house?

13:22:55 From BRIGID: My Sun's house is changed based on the system change too, Remy. It helps me - like how some folks say, oh I'm an Aquarius but I'm closer to a Capricorn cuz my birthday's in January for example - to use my knowledge from Placidus to blend with the whole sign wisdom. So in Whole sign, many planets are in 4th, but in Placidus, they're in 3rd. But i can blend the meaning and resonate with each house in some areas, and know that they're both at play. If that helps, use it, if it doesn't, throw it out of your head! haha

13:24:19 From Alyssa: I have to hop off but loving this so much! See you next week!

13:25:02 From Remy O'Brien: Thanks Brigid

13:25:40 From BRIGID: Your Sun has dual-citizenship ☀️ hehe

13:25:50 From Bettina Kenney (she/her): 🤔👏

13:26:32 From Bettina Kenney (she/her): Can my Sag Rising get a Green card please

13:26:41 From Kimberly (She/Her): :-)

13:26:53 From Mae Ruling: And everyone has empty houses! There are more houses than planets

13:27:25 From Noemi: Would it be okay to look at my chart at some point please? As I don't understand it yet

13:29:05 From Liz Hackworth: My sun is ON the 20 decan (sp?)

13:29:28 From Kimberly (She/Her): gotta run - thanks to ALL for your ALL!!!!

13:32:07 From April Sugarman: Thank you, Bonnie & Rachel! Mind-opening stuff about branding and who I am at my core.

13:34:02 From Remy O'Brien: Thank you Bonnie and Rachel

13:34:11 From Gladys she/her: This was awesome, thank you!

13:34:13 From Jennifer DeLatta: Thank you Ladies!!!

13:34:14 From BRIGID: Weeee! Thank you all!

13:34:15 From Abby B: Thank you so much!!

13:34:16 From Valerie Madden: Thank you all!!!

13:34:35 From dana hauser: thank you both so much ! so fun!

13:34:36 From Rhianna Basore: Thank you!!!
