12:00:36 from Bonnie Gillespie (she|her): We can benefit from ALL the versions of astrology. 😊

12:00:39 from Bettina Kenney (she/her): You can change your name there

12:01:42 from Bettina Kenney (she/her): Oh, wait, Command+Z : Weirdly enough it doesn't work right now...

12:03:26 from Susan: I am a Taurus and an editor

12:05:23 from Melissa Crim: Today feels important. This Leo Moon is Shazam! My sun in Leo is as excited as I remember. When I elected to take this course, I didn't connect this date. This morning, my meditation ceremony was emotional and encouraging. I keep hearing "create, creative, create, creative.... Go! Go! Go! Get out of your way." I am here to explore what that looks like. I am not sure how to pay homage to my sun and feel confident doing so. Today feels powerful for everyone I've checked on.

12:05:41 from Bonnie Gillespie (she|her): That's so cool, Melissa!

12:05:47 from Bonnie Gillespie (she|her): Yesterday and today = BIG ASTRO.

12:05:51 from Bonnie Gillespie (she|her): Very significant.

12:06:10 from Kellye Rowland: That's amazing Melissa!

12:06:27 from Rachel Lang (she/her): So cool, Melissa!! YES!

12:06:34 from Rachel Lang (she/her): Driver = Rising sign

12:06:49 from Rachel Lang (she/her): Navigator- Sun

12:06:58 from Rachel Lang (she/her): Backseat Passenger = Moon

12:07:05 from Bettina Kenney (she/her): @Bonnie: I know it is not today's curriculum, but can we maybe touch on the BIG ASTRO in the 2nd half? How to harness that big Astro?

12:07:32 from Rachel Lang (she/her): We could also talk about it in the comments of today's recording, Bettina!!

12:07:57 from Bettina Kenney (she/her): Awesome

12:08:04 from Rachel Lang (she/her): Yes! The comments are gold!

12:08:49 from Bonnie Gillespie (she|her): We have a RESOURCES page with apps we recommend for moon-tracking, at the membership space.

12:12:11 from Bonnie Gillespie (she|her): Pisces Moon forgets it's in a body.

12:13:58 from Bonnie Gillespie (she|her): The language you use in your marketing materials.

12:14:05 from Bonnie Gillespie (she|her): The font you choose for your website.

12:14:08 from Bonnie Gillespie (she|her): All of it.

12:14:50 from Bettina Kenney (she/her): Sag woohooo

12:14:57 from Bettina Kenney (she/her): Sag rising

12:15:17 from Bonnie Gillespie (she|her): Benefic planets = a coming week. 😊 We'll dive deep!

12:15:24 from Bonnie Gillespie (she|her): Because we ALL have them somewhere in our charts!

12:17:40 from Bettina Kenney (she/her): Thinking of the crab in Moana "I'm shinyyyy"

12:17:45 from Bettina Kenney (she/her): 😂

12:18:08 from Bonnie Gillespie (she|her): Next week we're going to go deep on the rising sign's planetary ruler (which is your chart ruler). It's a great exploration!

12:18:55 from Bettina Kenney (she/her): Hahahaa, that's sooo my sister - Virgo rising!

12:19:20 from Tamika Simpkins: Interesting, I'm Libra Rising, but I feel more in alignment with Cancer Rising.

12:19:21 from Bonnie Gillespie (she|her): What other people would say about you is your RISING.

12:19:55 from Bonnie Gillespie (she|her): Tamika, I'd bet though everyone would say you're very fair and balanced, in their lives.

12:20:13 from Bonnie Gillespie (she|her): And of course, Cancer is big in your life-car.

12:20:22 from Tamika Simpkins: hmm depends on who you ask. Those who know me say I'm all over the place. LOL

12:20:26 from Bonnie Gillespie (she|her): LOL

12:21:08 from Melissa Crim: Was funny to look at my two necklaces, two bracelets, and ring when you were discussing Cancer rising. Lord, I resist this persona...even though I am a therapist. 😂

12:21:15 from Bonnie Gillespie (she|her): Haaaaaaaaa.

12:21:23 from Bettina Kenney (she/her): I feel so much more drawn to the colors of my moon than my rising... Is that denial?

12:21:36 from Bonnie Gillespie (she|her): Not as much denial as connection with the emotional body.

12:21:50 from Bettina Kenney (she/her): *giggle*

12:21:55 from Bettina Kenney (she/her): Spot on

12:22:20 from Rachel Lang (she/her): The planet is the what, sign is the how, and house is the where

12:22:21 from Bettina Kenney (she/her): Love it

12:22:36 from Bettina Kenney (she/her): Ah, thank you, Bon!

12:23:17 from Rachel Lang (she/her): Mars in Cancer = "the grandma" 😂

12:23:33 from Rachel Lang (she/her): Mars in 10th house = the where - 10th house is career

12:24:03 from Rachel Lang (she/her): Workbook has more info about this!!

12:25:05 from Rachel Lang (she/her): Your moon in each house = where you attract buyers and how people see you. Might be sectors you work in

12:26:03 from Rachel Lang (she/her): Your Sun in each house = what gives you a sense of identity and where you want to create

12:26:48 from Rachel Lang (she/her): Your Sun in a house gives a LOT of energy to that area of your life.

12:33:17 from Bonnie Gillespie (she/her): I use buyers because in showbiz, that's your agent, manager, casting director, showrunner, writer, director, audience at large, etc.

12:33:24 from Bonnie Gillespie (she/her): They're ALL buyers.

12:33:30 from Kellye Rowland: My moon is in Leo in the 5th house. HA.

12:33:38 from Bonnie Gillespie (she/her): In terms of buying INTO you as an investment.

12:35:34 from Tamika Simpkins: 🍷

12:35:58 from Bonnie Gillespie (she/her): We move into Virgo Moon in 7 minutes! Let's DO this!! 😊

12:44:08 from Bonnie Gillespie (she/her): You ARE so cool!

12:44:59 from Bonnie Gillespie (she/her): That's a great tip!

12:46:30 from Bonnie Gillespie (she/her): WOW

12:52:06 from Bonnie Gillespie (she/her): RTT could be fun to explore.

12:52:18 from Bonnie Gillespie (she/her): It's a form of self-hypnosis. Or led-hypnosis.

12:56:01 from Kellye Rowland: Me too tamika

12:56:05 from Kellye Rowland: !lol

12:57:35 from Bonnie Gillespie (she/her): Too much MORE.

12:59:28 from Melissa Crim: I know we are out of time. I can wait until next week in order to respect that.

12:59:39 from Bonnie Gillespie (she/her): We'll get you, Melissa. If you don't mind staying on.

12:59:51 from Melissa Crim: ok

13:00:24 from Susan: gemini moon here
13:00:50 from Bonnie Gillespie (she|her): That's why when you read someone else's script, you get reenergized for working on yours.
13:02:00 from Jill Austin: As a Gemini moon, sometimes I journal in dialogue form between me and me.
13:02:09 from Rachel Lang (she/her): I do, too, Jill!!!!!!
13:02:16 from Rachel Lang (she/her): Sometimes with different colored pens
13:02:27 from Jill Austin: and names or nicknames
13:07:34 from Sarah McLean: neither here or there, but feel compelled to share: we're in a virgo moon, it's a 6 day and virgo is in my 4th house... and I'm rearranging my closet as i listen to this.
13:07:45 from Bonnie Gillespie (she|her): Perfect Chart Harmony, Sarah!!
13:07:50 from Bonnie Gillespie (she|her): That's bang-on!
13:08:05 from Kellye Rowland: Awesome Sarah!
13:09:37 from Rachel Lang (she/her): Wow, Sarah!! So perfect
13:10:33 from Melissa Crim: 100% yes, yes yes. I often jokingly say that I wish I were a sociopath. But the psychic connection has not allowed for that with some limited skills.
13:10:35 from Sarah McLean: the instinctive motivation just happened as we hit the virgo moon! i couldn't help but laugh!
13:10:55 from Kellye Rowland: I LOVE WITCHY SHIT and will also be doing some tonight for my full moon ritual!
13:11:28 from Rachel Lang (she/her): Yes, Kellye!!
13:11:38 from Bettina Kenney (she/her): If cancer is very interested in shielding and closing off to be safe, how does it handle when it's Jupiter, the EXPAAANSIVE, in cancer?
13:11:39 from Bonnie Gillespie (she|her): 111
13:11:56 from Bonnie Gillespie (she|her): Bring that to the class page, Bettina.
13:12:32 from Susan: thank you!!!!
13:12:42 from Rachel Lang (she/her): All those Gemini Moons!!!!
13:12:45 from Tamika Simpkins: Fantastic First Class!!! Thanks so much
