11:41:22 From Lisa Lafayette: WOOOO I'm MARS!!!
11:42:12 From Bettina Kenney (she/her): YEEEEES, GLITTER!!!
11:42:21 From Heather Wake: What if your chart ruler is a benefic?
11:42:29 From Kimberly (She/Her): finding my inner-bedazzler...
11:42:47 From April Sugarman: Glitter makes everything better.
11:42:58 From Lisa Lafayette: That's so true :)
11:43:17 From Bettina Kenney (she/her): @April AMEN!
11:43:26 From Bettina Kenney (she/her): ✨✨✨✨
11:43:27 From BRIGID: I have ONLY malefics in my road trip 🤔
11:43:38 From Liz Hackworth: Saturn... Slow and steady structure?
11:43:48 From Heather Wake: So your road trip is Mad Max? lol
11:43:59 From Liz Hackworth: My chart ruler is Saturn and I rarely play the radio/music in the car!!!
11:44:00 From dana hauser: I used to resist my Saturn but now I am learning a little more about it
11:44:01 From Liz Hackworth: OMG
11:44:05 From BRIGID: HAHHAHAHA except "We wear black"
11:44:10 From Noemi: Wonder if both benefics being in the same house synergetically helps?
11:45:13 From Rachel Lang: Those malefics are powerful! Well, all planets have their strengths and challenges.
11:45:56 From Bettina Kenney (she/her): Aaaah, I am all goosebumpy
11:46:07 From Bettina Kenney (she/her): The time thing...
11:46:13 From Rachel Lang: Noemi, if those benefits are conjunct, that can be a favorable aspect in the chart!
11:46:19 From BRIGID: LEO WAS SO DRAMATIC
11:46:35 From dana hauser: yes so much! I did lots of art on the leo moon and got organized and worked hard on the Virgo
11:46:41 From April Sugarman: Yikes — my career is aligned with my Jupiter ruling planet timing.
11:47:04 From Noemi: Thank you very much, dont know, they might be conjunct
11:47:04 From Lisa Lafayette: This makes so much freaking sense WHOA!!
11:47:18 From Heather Wake: Yes and I am noticing that I prefer to do things in "seasons"/6 months...Venus

11:47:19 From Kimberly (She/Her): cool, April. I just made a note to do a deep dive on my last 4 12-year blocks for Jupiter!

11:47:19 From Rachel Lang: It was also a New Moon!

11:47:23 From Jill Austin: Moon helps me understand what's going on with my grandsons (2 and 7 months)

11:47:23 From BRIGID: I've never learned astrology like this before, this is so freakin awesome and revolutionary

11:47:35 From Leah Cevoli: Leo got me all fancy and social for a few days - i even wore High heels!

11:48:06 From Heather Wake: I feel the shadow of retrograde more, usually.

11:48:08 From Rachel Lang: Leah, I always dress up when the moon's in Leo!! It's so fun

11:48:26 From Rachel Lang: Heather- the shadow is when we prepare (pre) and integrate (post)

11:48:30 From Heather Wake: I went to karaoke last night lol

11:48:34 From Tara Wilken: Which is why I love doing things in 100 day cycle— shadow and retrograde— OMG

11:49:21 From Bettina Kenney (she/her): Crazy that my Chart ruler is pretty slow... I would have expected it to be rather fast!

11:49:32 From Bettina Kenney (she/her): (or is that all the mutable energy in my chart?!)

11:49:49 From Bettina Kenney (she/her): @Tara, OMG that is fascinating and awesome!

11:50:57 From Tara Wilken: @Bettina— I know - I never knew that- but wow!

11:51:53 From Alyssa: It would be so interesting to see the charts of coaches, etc who say projects are best done in 90 days, quick sprints, etc.

11:51:57 From Heather Wake: I only just realized no Pluto

11:52:08 From Bettina Kenney (she/her): @Alyssa - ooooh, TRUE!!!

11:52:18 From Rachel Lang: Heather, we're using traditional rulers- the ancients didn't see Uranus, Neptune, or Pluto!

11:52:26 From Rachel Lang: Interesting point, Alyssa!

11:52:32 From Noemi: Is it okay to ask if i understood correctly? If my ascendent is virgo to Find the chart ruler do i just need to know that?

11:52:38 From Heather Wake: Ahhh yessss

11:52:46 From Rachel Lang: Noemi, Mercury rules Virgo!

11:53:06 From Noemi: Omg this is stary haha

11:53:12 From Liz Hackworth: My partner and I both have Saturn ruling.... LOL.... I think, send help? Haha

11:53:25 From Lisa Lafayette: send help lol

11:53:26 From Nina Hatchwell: Ha I'm mercury and my partner has Jupiter - I now understand so much

11:54:22 From Heather Wake: Same! How the heck do I do headshots?! lol
11:54:37 From BRIGID: Like rings on a tree
11:57:33 From Bonnie Gillespie (she | her): Noemi, make sure you go back to the WEEK 2 page and watch the vids we put there for you to prep for today's meeting. :) We walk you through exactly how to find it!
11:58:42 From Sarah McLean: Having Saturn right on top of my Jupiter explains a lot.
11:58:43 From Bonnie Gillespie (she | her): Alyssa—re: those coaches, yes. When I created my first 100-day challenge for myself (1998) I had no idea how close I was to the Venus cycle. I think about that with various productivity coaches too!
11:59:47 From Bettina Kenney (she/her): I need to listen to this again, my brain just went www-ait...
12:00:08 From dana hauser: Thats Gemini for me :) Also where my moon is
12:00:09 From Kimberly (She/Her): I need to get busy! My Jupiter is in Cancer!
12:00:17 From Tara Wilken: Me too @Bettina!
12:00:23 From Bonnie Gillespie (she | her): Yes, Kimberly! Use that!!
12:01:01 From Noemi: I read such crazy stuff about where jupiter is (house) that im worried to read any more
12:01:05 From Bonnie Gillespie (she | her): Unapologetic enoughness!
12:01:37 From Noemi: Are these the sun signs now?
12:01:42 From Bonnie Gillespie (she | her): Noemi—it can be like Googling symptoms when you're sick. Everything = cancer. LOL Just remember to give yourself what feels good.
12:01:47 From Lisa Lafayette: Ok so when the Sun moves into Sagittarius that's sthe luckiest time of year?
12:01:53 From Liz Hackworth: "Trust your intuition" is terrifying to me, for many years.... I'm dipping my toe in though!... EEK! (Saturn ruling freaking out? LOL)
12:02:18 From Noemi: Bonnie that is true
12:02:28 From Bex Carney: Is this for AC or where it is in chart?
12:02:31 From Bonnie Gillespie (she | her): Noemi—When you watch the how-to vids on the Week 2 page, you'll see how to find where your Jupiter is. Those are the signs we're exploring right now.
12:02:42 From Bonnie Gillespie (she | her): Bex—This is what sign your Jupiter is in.
12:03:01 From Bex Carney: Thx!
12:03:02 From Heather Wake: Interesting the Leo aspect resonate too, even though that's my moon, not my Jupiter. But maybe estate's emotional healing rather than expansion.
12:03:38 From Heather Wake: *that's, not estae's
12:05:10 From Kimberly (She/Her): so cool!

12:05:59 From Bonnie Gillespie (she | her): Especially as healers/artists, we may feel weird about charging for our gifts. If Jupiter is in your 2nd house, especially, CHARGE YOUR WORTH.

12:06:25 From Heather Wake: PASSIVE INCOME BABY!

12:06:55 From Lisa Lafayette: Is Jupiter in the 12th house now ?

12:07:15 From Bonnie Gillespie (she | her): Lisa—Jupiter is currently moving back into Aquarius from Pisces, due to retrograde.

12:07:22 From Bonnie Gillespie (she | her): The houses are unique to your birthchart.

12:07:29 From mariewatkins: Jupiter 1st house...gah. I guess I need to embrace being the face of my biz after all.

12:07:35 From Bonnie Gillespie (she | her): Marie, YES.

12:07:43 From Bonnie Gillespie (she | her): "Your face is your fortune."

12:07:51 From Nina Hatchwell: Yes Bonnie - my Jupiter is in 2nd - Charge my worth! Love it

12:08:02 From Bonnie Gillespie (she | her): Unapologetically, Nina! You've got this!

12:08:04 From mariewatkins: You know how HARD that is for me....I guess it's time to lean into it

12:08:17 From BRIGID: LOVE Law of Divine Compensation

12:08:25 From April Sugarman: Jupiter is in my 1st House — put me on stage with a microphone and I'm in my happy place!

12:08:26 From Tara Wilken: I'm with you Marie!

12:08:31 From Lisa Lafayette: Oh ok thank you, sorry I'm a little lost on that part.

12:08:33 From Bonnie Gillespie (she | her): Yes, April!

12:08:43 From Bonnie Gillespie (she | her): That's okay, Lisa! We have Q&A time after this. :) We've got you!

12:08:58 From Lisa Lafayette: Thank you:)

12:09:20 From Bettina Kenney (she/her): 8th house: ✨ Believe in magic? ✨ BAAAM - done ✅ That's how I roll!

12:09:21 From Heather Wake: This is so interesting. I would say I've only recently been able to overcome huge money obstacles and the work is partially believing it's here to stay.

12:09:40 From Heather Wake: Jupiter in 2nd house!

12:09:42 From Leah Cevoli: I got lots to say about Jupiter in my 7th lol

12:09:54 From Kimberly (She/Her): MAGIC!

12:09:58 From Lisa Lafayette: I think I got it lol

12:10:44 From Bonnie Gillespie (she | her): People who just always feel lucky in business = 10th house Jupiter.

12:10:46 From Bettina Kenney (she/her): As a matter of fact: I'd love to share the writing on my Bathroom mirror... "Let there be MAGIC" 😊

12:11:03 From Lisa Lafayette: Love that Bettina !!

12:11:05 From Rhianna Basore: My Leo Jupiter in the 4th house boggles my mind....I'm like, show up big but don't leave the house?

12:11:15 From Bettina Kenney (she/her): :)

12:11:26 From Bonnie Gillespie (she | her): Rhianna — maybe just leaving the house the MOST happens late in life?

12:11:38 From Bex Carney: 100% % % % %

12:11:43 From Bettina Kenney (she/her): It wrote it on the mirror years ago - and it still makes me smile

12:11:51 From sarahgee: This is great! I'm learning so much.

12:11:55 From April Sugarman: Some similarities between 1st house and 12 house — mine is in either one depending on type of chart.

12:11:58 From Rhianna Basore: FASCINATING @Bon

12:12:12 From Bonnie Gillespie (she | her): Can't miss her!

12:12:35 From BRIGID: In another house system, my Jupiter is in 12th. I always imagined when my loved ones passed that they were joining this ball of light around me, rooting for me on the energetic plane

12:12:46 From Bonnie Gillespie (she | her): Aw, Brigid, I love that. How beautiful.

12:13:24 From April Sugarman: Venus in 1st house — I was a total flirt before I got married! LOL!

12:13:30 From Kimberly (She/Her): rebellious? Who, me?!?!

12:15:20 From Bonnie Gillespie (she | her): Let that freak flag fly!

12:15:34 From mariewatkins: Bring it on! \$\$\$\$ Venus in Aq in 9th house.

12:15:56 From Heather Wake: Venus in Libra. Also chart ruler. Ability to receive is a big theme in my life.

12:16:35 From BRIGID: Marie we both have Jupiter in 1st house and Venus in Aquarius

12:16:49 From Noemi: Venus and jupiter in 8th house/aries, all this seems very interesting

12:18:04 From Leah Cevoli: Venus AND Jupiter in 7th house/Pisces

12:18:07 From Lisa Lafayette: Venus in 3rd house in / Scorpio hummmm

- 12:25:45 From Valerie Madden: Do the degrees have an influence as well?
- 12:26:05 From Rachel Lang: They do, but the signs and houses make the most difference!
- 12:26:44 From Rachel Lang: The degrees matter in terms of aspects, Val, and we won't get into that too much in this course. So, just focus on the sign and house!
