

Astrology for Creatives Live Zoom Chat 23 February 2022

11:33:13 from Kellye Rowland: Ahhh man you guys are wearing pink! I thought mercury's color was green? Yet there is so many different site saying different colors for mercury! Ack!

11:33:41 from Kellye Rowland: I saw so many sites saying different things...haha ok

11:35:42 from Bonnie Gillespie (she/her): Kellye, can't remember if you did the Astrology Vision Board Party, but if you did, the Chart Harmony bonus in Teachable has all the colors. 😊 We'll also get to those in THIS COURSE in a couple of weeks. So hold tight if you don't have access to that. We've gotcha.

11:36:44 from Kellye Rowland: Yes I did—I'll look at that bonus-I know it's there I just keep forgetting to go there and avail myself of it. Thanks

11:36:47 from Kellye Rowland: 😊

11:39:46 from Rachel Lang (she/her): These changes Bonnie can also even be physical in how you look!

11:39:58 from Rachel Lang (she/her): I meant Bonnie's talking about 😊

11:42:09 from Rachel Lang (she/her): So, that's our Leo risings!

11:42:19 from Rachel Lang (she/her): Mars - Aries and Scorpio rising

11:42:28 from Rachel Lang (she/her): Mercury - Gemini and Virgo rising

11:42:33 from Rachel Lang (she/her): Moon- Cancer rising

11:42:44 from Rachel Lang (she/her): Jupiter - Sagittarius and Pisces

11:42:51 from Rachel Lang (she/her): Saturn- Capricorn and Aquarius

11:43:36 from Susan: lost my second screen

11:43:44 from Melissa Crim: Oh, bless it with the Cancer rising and Moon ruler. This explains some things. Including my Enneagram identification. I have always identified as a sun/fire sign due to Leo sun....but.....this is a bell ringer.

11:44:30 from Kellye Rowland: Oooh Melissa, I took an enneagram workshop a few years ago. What number are you? I'm a 4. Surprising no one who knows me lol

11:44:56 from Melissa Crim: Yep. Yep. and yep.

11:45:32 from Remy O'Brien: I'm a 4 too Kellye

11:45:46 from Kellye Rowland: Yayyy Remy! 😊

11:46:43 from Rachel Lang (she/her): Cancer risings - Self-care is top priority!!

11:47:37 from Rachel Lang (she/her): Gemini and Virgo risings - playfulness into your brand! And adaptability

11:48:26 from Rachel Lang (she/her): Taurus and Libra risings - "Walking into a museum" having taste and prioritizing values

11:48:42 from Rachel Lang (she/her): Leo rising- Optimism! Own your charisma!!

11:49:20 from Gail: WELL, RATS! HAVE TO LEAVE. SURE AM GLAD THERE'S A RERUN!

11:49:49 from Melissa Crim: Enneagram 4 - and yes, Self care is a real challenge although as a therapist, this is what I preach to everyone else. I have pressed into my Leo so much that I run out of juice. I am extroverted Cancer rising/empath. I am recognizing that I ignore the moon in Taurus who seems to be begging me to chill he hell out and pull inward for my sanity.

11:50:53 from Kellye Rowland: Ahhh cool another 4!. And great thoughts on your placements Melissa.

11:50:55 from Jill Austin: ooooh Love the Enneagram + astro. My chart is ruled by Mercury and I am a Enneagram 3. Of course.

11:51:08 from Kellye Rowland: Haha Jill yay

11:51:19 from Kellye Rowland: Yayyy MARS!!! WOOOO

11:52:28 from Rachel Lang (she/her): Haha!! Yes, Kellye!! from an Enneagram 3. 😊

11:52:48 from Kellye Rowland: ❤️

11:52:59 from Rachel Lang (she/her): Sagittarius and Pisces rising - wild ideas! Everything is possible! AMAZING!

11:53:08 from Rachel Lang (she/her): Everyone loves a Sagittarius rising!!

11:53:23 from Rachel Lang (she/her): Haha! Liberace to the party, good Bonnie!

11:53:34 from Rachel Lang (she/her): Jupiter - planet of more

11:58:45 from Bonnie Gillespie (she|her): Saturn puts a boundary on Jupiter.

11:58:55 from Bonnie Gillespie (she|her): Such a great use of their energies.

11:59:14 from Bonnie Gillespie (she|her): Jupiter says, "I can go ALL OVER THE PLACE" and Saturn says, "This is the border, buddy."

11:59:45 from Melissa Crim: My Jupiter is in Scorpio in 5th house. I understand much of this but it also feels intense and a bit confusing. This also explains a good deal of my journey. I need to sit with this and see how it all connects

12:00:01 from Bonnie Gillespie (she|her): We're gonna get granular with all of that right now, Melissa. Perfect timing!

12:02:54 from Bettina Kenney: Aaaaah... im just this very Moment cooking for my dad und my brother!

12:02:58 from Bettina Kenney: 😊

12:22:40 from Bonnie Gillespie (she|her): Which means doing things during Venus hour and/or on Venus day (Friday) = a way to bring that into harmony.

12:23:29 from Bonnie Gillespie (she|her): Venus is "tits out; feed me grapes; you're welcome." ;0

12:23:52 from Kellye Rowland: LOVE

12:23:55 from Kellye Rowland: lol

12:24:59 from Bonnie Gillespie (she|her): It all goes back to those planetary rulers.

12:25:06 from Kellye Rowland: Remy we have a lot of chart stuff (and enneagram) in common it seems!

12:25:27 from Remy O'Brien: It seems we do.

12:25:32 from Bonnie Gillespie (she|her): Knowing the planets that rule the signs really makes a difference in understanding how they operate.

12:30:13 from Remy O'Brien: Kellye I think you are very charming

12:30:27 from Kellye Rowland: No, but I am going to go to the bonus teachable site to learn how to do this more consistently. 😊

12:30:45 from Kellye Rowland: Awww. Thanks remy! ❤️

12:31:20 from Remy O'Brien: I carry a rose quartz crystal on me everyday
