11:31:02 Bettina Kenney (she/her): Helloooo!

11:31:15 Bettina Kenney (she/her): ✨

11:31:20 Lisa Lafayette: YAY!!!! HELLOOOOOO!!!

11:31:20 Gladys she/her: Hi!

11:31:43 Bonnie Gillespie (she/her): Sorry, Heather, you weren't on my screen so I could only hear your voice!

11:31:51 Kimberly (She/Her): @Heather - do you do The Sword Experience with Adrian Paul?

11:32:02 The Sword Experience: Sure do

11:32:17 Kimberly (She/Her): Yay - I'm a big fan!

11:40:03 Bonnie Gillespie (she/her): AC, DC, MC, IC

11:40:14 Bonnie Gillespie (she/her): 1H, 7H, 10H, 4H

11:41:36 Bonnie Gillespie (she/her): High-traffic area.

11:41:49 Bonnie Gillespie (she/her): Best-kept secret.

11:42:57 Bonnie Gillespie (she/her): Where are we sourced from above?

11:43:11 Bonnie Gillespie (she/her): MC = aligned ambition

11:46:51 Gladys she/her: So if the MC is in Sag, then exploring and being adaptable will be the key to fame?

11:47:39 Rachel Lang: Gladys, yes! We'll talk about that in a minute!

11:47:51 Gladys she/her: Wow, really speaks to the coaching.

11:50:22 Marie Watkins: Wow! So accurate for me.

11:50:27 BRIGID: Kind of reminds me of Julia Cameron - 11th house midheaven vibes

11:50:29 dana hauser: yes this is so cool....

11:50:45 Bettina Kenney (she/her): OMGoddess... this *bigger than I am* is so something I sooo often say... Hi, 11th

11:50:47 Gladys she/her: Oh yes, that makes sense.

11:51:10 Rhianna Basore: This is so helpful! I was wondering about that Capricorn MC in the 9th house using Whole Sign. Capricorn in Aquarius seemed like such a paradox, but it's about learning to be out of the box on the way to royalty status. ;)

11:51:15 Leah: I love seeing all of these Aha moments! The midheaven definitely feels like a big AHA!

11:52:11 N: What if mc is on the line between 9 and 10?

11:52:18 dana hauser: i would think its helpful to pull a whole sign chart just to see this concept show up

11:52:41 Bex Carney: I am looking to do that!

11:54:27 Nina Hatchwell: yes haha

11:55:14 Jim White: These are tendencies for MC for a Sun Sign? Or, the sign ruling the House where MC is located?

11:55:33 Bonnie Gillespie (she|her): Jim—the sign of your MC

11:55:45 Lisa Lafayette: WOOT 10th House /Taurus baby!!!

11:55:50 Jim White: Thanks!

11:55:53 Bonnie Gillespie (she|her): We'll be doing the sign of the 10th House next.

11:56:03 Bonnie Gillespie (she|her): Since they can be different in Whole Sign houses.

11:56:19 Lisa Lafayette: Oh crap I think I'm wrong lol

11:56:20 Leah: Who was the Gemini example? - my zoom kicked me off just as Rachel was on Gemini... lol

11:56:39 Nina Hatchwell: Steve Jobs and Tom Hanks

11:56:44 Leah: Nice.

11:56:50 Leah: thanks nina!

11:56:59 Nina Hatchwell: You're welcome :)

11:57:37 Kimberly (She/Her): My MC is Virgo - totally speaks to my detail-orientation, verging on perfectionistic paralysis!

11:57:55 Kimberly (She/Her): Working on that 'have faith' portion!

11:58:10 Bonnie Gillespie (she|her): Good observation, Kimberly. If we see a difference in how intense we are about our career ambition vs. other areas of our lives, the MC can be a big help in understanding that.

11:58:47 Rhianna Basore: Also this Rhianna, hahaha! Capricorn MC for the win!

11:58:55 Bonnie Gillespie (she|her): LOL

11:59:17 Lisa Lafayette: Ok so the it's not the sign that the MC is in, it's our actual Sun sign? I haven't had sugar yet today?

11:59:21 Marie Watkins: LOL my high school mascot was a Rebel (Aq MC)

11:59:27 Bonnie Gillespie (she|her): Lisa—It's the sign of your MC.

11:59:28 Kimberly (She/Her): :-)

11:59:44 Rhianna Basore: Love that, Marie!

11:59:47 Lisa Lafayette: COOL cool, cool lol

11:59:50 Lisa Lafayette: Thank you

12:01:11 BRIGID: ooooo

12:01:41 Liz Hackworth: Me too, thank you!!

12:01:47 Marie Watkins: Wow! I have Saturn in 10th H. Hello Father LOL

12:01:51 BRIGID: 🙌

12:02:05 dana hauser: yes that is so much more accurate for my kids charts anyway!

12:02:07 Sarah McLean: well shit, that 4th/10th house is spot on and now I'm crying.

12:02:15 Bonnie Gillespie (she|her): {{{hugs}}}

12:02:16 Leah: geezus....

12:03:04 Gladys she/her: This makes sense bc 10th house is Mars and my mother was a fiery and feisty lady!

12:03:13 Bonnie Gillespie (she|her): Isn't that cool, Gladys?

12:03:24 Gladys she/her: Super cool.

12:03:27 Gladys she/her: Wow.

12:03:48 Bettina Kenney (she/her): 10th house SUN and my mom was / IS the epitome of sun and sunshine!

12:03:57 Liz Hackworth: awww

12:04:00 Bonnie Gillespie (she|her): That's amazing (and not surprising), Bettina.

12:04:10 Bettina Kenney (she/her): 💕

12:04:18 Gladys she/her: Oh, that's so sweet!

12:04:40 Leah: how funny..

12:04:44 Bettina Kenney (she/her): Thank you... 🥰

12:05:03 Bonnie Gillespie (she|her): I will cut a bitch.

12:05:06 Bonnie Gillespie (she|her): Don't you mess with my kiddos.

12:05:25 Lisa Lafayette: Ok I guess I am confused, I thought my MC was in Taurus.

12:05:29 Bonnie Gillespie (she|her): STRUT, Leo.

12:05:45 Bonnie Gillespie (she|her): Lisa—We can pull up your chart again during the Q&A. Be sure to get in the queue.

12:06:08 Lisa Lafayette: Thank you sorry.. I thought I did the homework correctly lol

12:06:19 Bonnie Gillespie (she|her): Meanwhile, just look at where the letters MC are, what sign that is. (This was also covered in that walk-thru vid on the Week 3 page.)

12:06:32 BRIGID: So crazy "ray of sunshine" is a brand-phrase/log line that keeps coming up when I ask others what words they associate with me

12:06:39 Lisa Lafayette: Yeah it's Taurus

12:07:15 Leah: lucky ducks! lol

12:07:39 Alyssa: Hehe 10th house in Aries and didn't feel like myself until I dyed my blonde hair red!

12:07:49 Bonnie Gillespie (she|her): That's amazing, Alyssa.

12:08:44 Gladys she/her: Whoa, so 10th house Oprah? That's what I imagined when I went to coaching school, that I'd be the Latina Oprah. Now I understand why it's taking so long (Saturn's crazy ass 28.5 yr cycle).

12:09:08 Gladys she/her: This is blowing my mind. But I don't know what to do next! LOL

12:09:18 Bettina Kenney (she/her): Okay, PROMIIIIISE!

12:09:25 Lisa Lafayette: To late lol

12:09:26 Leah: No co-stars in my 10th. lol

12:09:50 Rachel Lang: That's okay, Leah! We'll talk about that.

12:09:57 Lisa Lafayette: and breathe okay here we go me either Leah
12:09:57 Gladys she/her: No other planets in 10th house but yes in MC.
12:10:00 Rhianna Basore: Me too, Leah, 10th house is clear.
12:10:00 Leah: lol
12:10:12 Nina Hatchwell: meeee
12:12:03 Kimberly (She/Her): hehe
12:12:06 Bettina Kenney (she/her): Hahaaa, Sun + Mercury!
12:12:21 Bettina Kenney (she/her): (But merc in Rx...)
12:12:30 Kimberly (She/Her): I totally see that for you, Bettina!
12:12:55 Jill Austin: My business and I BOTH have Mars in 10th in pisces!
12:13:00 Bettina Kenney (she/her): *giggle* I'm starting to see that too..😄
12:13:03 Bettina Kenney (she/her): 🙄
12:13:16 Rachel Lang: Oh, wow! Jill, how auspicious is that?
12:13:21 Rachel Lang: Bettina, I love that!
12:13:35 BRIGID: Reminds me of Ariana's "Just Like Magic" song
12:13:55 Bettina Kenney (she/her): Oooh, speaing of songs:
12:14:08 Bettina Kenney (she/her): I'm starting to hear songs as stars/constellations etc!
12:14:14 BRIGID: Bettina totally!!!
12:14:23 Alyssa: That is magical Bettina!!
12:14:29 Kimberly (She/Her): Saturn MC - "it me"
12:14:35 Marie Watkins: Saturn...so damn accurate. UGH
12:14:36 Bettina Kenney (she/her): e.g.: Isn't Moana's big showstopping number THE SAG RISING per se?!
12:14:43 Bettina Kenney (she/her): "How far I'll go"
12:14:45 BRIGID: Ooooo love that
12:14:46 Remy O'Brien: me Saturn and moon
12:14:49 Kimberly (She/Her): rather Saturn in 10th
12:14:52 Rhianna Basore: I think so, Bettina, great spot!
12:14:52 Marie Watkins: Love that too!
12:15:58 Bettina Kenney (she/her): The freedom, independence, travel, search for purpose
12:16:02 Bettina Kenney (she/her): MOANAAAAAA
12:16:40 Bettina Kenney (she/her): 🎵
12:17:00 Rhianna Basore: I think a lot of Disney lead character are maybe Sag rising.
12:17:14 Bettina Kenney (she/her): Oooooooh!! Taht would totally make sense!!!
12:17:27 Rhianna Basore: Ariel, for sure
12:17:31 Bettina Kenney (she/her): It DOES make so much sense!
12:17:40 Rhianna Basore: :)

12:17:46 Marybeth: ug, Saturn and North Node and moon (and Chiron) in 10th in Aries
12:17:56 Noemi: What about chiron?
12:18:03 Leah: that's exactly what ive been looking up - since I had no co-stars!
12:18:05 Bonnie Gillespie (she|her): Ooh, Marybeth, SO much opportunity for expansion in this life!
12:18:46 Bonnie Gillespie (she|her): 6th House is also jobby-job stuff (if you have both a jobby-job and your career pursuit). Exactly what Rachel just said. LOL
12:18:51 Marybeth: That's great. I'm gonna need some advice on that:)
12:19:40 Bonnie Gillespie (she|her): Hear that, Marybeth? With 10th in Aries, that Fire sign triad is for you!
12:20:09 dana hauser: can you repeat that - too fast
12:20:32 Heather: And if it's fairly mixed?
12:20:41 Amelia Rico: It's also in the workbook.
12:20:44 Bonnie Gillespie (she|her): It can't be, Heather. 2, 6, 10 are all ONE element.
12:21:10 Leah: all air - in 2, 6, and 10 houses for me....
12:21:11 Gladys she/her: OMG - they're all in water, wow!
12:21:13 dana hauser: yes i will refer to the work!
12:21:16 Heather: I have Cap in the 10th, and Venus in the th for instance..
12:21:18 Sarah McLean: my brain is exploding and answers are spreading all over my apartment
12:21:21 dana hauser: workbook
12:21:48 Kimberly (She/Her): This is amazing.
12:21:50 Gladys she/her: My desk is piled high with workbook pages!
12:22:00 BRIGID: Activation? ✨
12:22:03 Rhianna Basore: LOVE this, you guys! Fascinating stuff!
12:27:58 BRIGID: What a beautiful chart, Lisa!
12:30:13 Bonnie Gillespie (she|her): Love, health, peace, etc.
12:32:46 Sarah McLean: 2+6 = 10. Astro math is fun.
12:33:11 Rhianna Basore: Hahaha! Love that @Sarah.
12:33:12 Gladys she/her: Yup, it's a sister for me!! LOL
12:34:01 Kimberly (She/Her): oof - need to make friends with my detail-orientation! I have been resentful of being 'the reliable' one, but MC Virgo is telling me to OWN it.
12:34:19 Lisa Lafayette: OH me too Kimberly
12:37:30 Kimberly (She/Her): Mine is Earth - may be why I've been drawn to gardening the last year +!
12:38:00 BRIGID: All these years I was like "ugh I have no fire in my chart." Just because I had no PLANETS in fire signs! So great to revolutionize that understanding & get cozy with that inner flame. LOVE THIS

12:38:01 Leah: mine are air - I had no idea I had so much air in my chart ... I've always followed my sun's earth energy

12:38:14 Bettina Kenney (she/her): Is burning incense earth, fire or air... or all of those?

12:38:22 Bonnie Gillespie (she/her): All 3.

12:38:29 Bonnie Gillespie (she/her): More air than the others.

12:38:42 Bettina Kenney (she/her): Aaaaah, 3-in1, how EFFICIENT,says my Virgo

12:38:47 Lisa Lafayette: I thought I was water so I've always used that as my focus.

12:39:07 Bettina Kenney (she/her): Ah, i see, thank you, Bon <3

12:39:08 Valerie Madden: Now I know why I always crave hearing and seeing ocean waves or moving water

12:39:23 Leah: mmm.... been burning incense since teens.

12:39:27 Mae Ruling: Right there with you Noemi with Chiron in Gemini and being told to be quiet

12:39:41 BRIGID: Me too Noemi & Mae! Chiron with MC

12:40:00 Marie Watkins: Same! Chiron in 10th (Pisces)

12:40:05 Marybeth: My Chiron is in 10th but in Aries and I was always taught to be quiet and tone it down too

12:40:39 Rachel Lang: Once you work with your Chiron wounds and heal them by integrating those experiences, you become a force to be reckoned with!! And a major contributor/healer

12:40:53 BRIGID: 🙏 love the way you teach Rachel!! Thank you!

12:40:54 Gladys she/her: OOh, mine is in 3rd with my moon.

12:40:55 Rhianna Basore: Holy cow, Chiron strikes deep!

12:42:09 Rhianna Basore: Happy Birthday, @Gladys! <3

12:42:18 Nina Hatchwell: Happy Birthday in 10 days :)

12:42:26 Mae Ruling: Happy birthday!

12:42:31 Lisa Lafayette: Happy Early Birthday Gladys

12:42:35 Rachel Lang: Thanks, Brigid!! And yes, Chiron strikes deep.

12:42:59 Remy O'Brien: happy birthday day gladys

12:46:18 Gladys she/her: Thanks, everyone.

12:48:57 Leah: yeah, this Chiron thing... whoa... mine is in the 8th house of sex and death. and it totally makes sense.

12:51:48 Amelia Rico: Definitely. My Chiron is in the 1st and my childhood was 100% being bullied for just being me. Hair too straight, too chatty, too weird, blah blah.

12:52:15 BRIGID: Dana, I love what was said about your question. An idea came to mind of what an activation around Venus in 10th could be: sitting with your higher calling as a partner (Venus is all into the way we partner) and asking it what it wants & needs, and how it wants to be respected. And then having that same expression from

yourself, to see where your needs & values overlap with your higher calling and how you can lean into that.

12:52:43 dana hauser: i love how the unvisited part of your chart holds the key...

12:53:42 dana hauser: thank you Brigid!! love that idea.

12:54:08 BRIGID: 🥰 I'll do it too!

12:54:21 Alyssa: OMG an acting class by sign, like Elements! Be Taurus, be Gemini! Looooove

12:54:46 dana hauser: yep once i embodied my Rising (cap) it made a huge difference and now i am going to focus on those other areas. i love this!!

12:54:56 Rachel Lang: What a great idea, Brigid! And so true, Dana!! It's the key.

12:54:57 Mae Ruling: It's so funny to think about — I spent a semester in college dressing very scorpio rising. It was honestly a lot of work

12:55:04 Gladys she/her: What a great idea!

12:55:06 Remy O'Brien: Alyssa love thta

12:56:06 dana hauser: love it bonnie

12:56:25 Gladys she/her: My 15th anniversary (the CRYSTAL anniversary) is next week, so I requested a crystal for each planet.

12:56:49 dana hauser: yes gladys that is awesome

12:56:49 BRIGID: Oooo love that Gladys! Happy anniversary!!

12:57:09 Gladys she/her: Thanks! I got married 3 days before my birthday. :)

12:57:34 dana hauser: i like that!!!!

12:57:53 Mae Ruling: I love that Bonnie!

12:58:03 Rachel Lang: Sunday- Sun

12:58:14 Marie Watkins: Doing remediations by day totally works!

12:58:16 Rachel Lang: Monday- moon

12:58:20 Rachel Lang: Tuesday- Mars

12:58:24 Nina Hatchwell: I think my Virgo is the thing that bugs me ... haha I want structure but I hate sticking to it

12:58:25 Rachel Lang: Wednesday- Mercury

12:58:28 Rachel Lang: Thursday- Jupiter

12:58:31 Rachel Lang: Friday- Venus

12:58:35 Rachel Lang: Saturday- Saturn

12:59:39 eargasm: I just realized that French day naming acknowledges all the planet for each day. Easy to remember.

12:59:39 Bex Carney: All my practitioner's I go o take their Mondays off!

12:59:43 Amelia Rico: The ones that don't work in English work in Spanish. lol Martes (Tues): Mars, Miercoles (Wed): Mercury, Jueves (Thurs): Jupiter, Viernes (Friday): Venus.

12:59:44 Leah: so we really should include Monday in our "weekend" lol
13:00:12 Jill Austin: Mars likes exercise as well
13:00:14 Rachel Lang: Ha! Leah, I always include Fridays, Venus day, in my weekends!!
13:00:18 Rachel Lang: Yes, Jill!
13:00:30 Alyssa: Tuesday to do: Light fire, cut a bitch :D
13:00:34 Noemi: This is brilliant, how do we Find what is the problematic aspect of the chart?
13:00:43 BRIGID: Alyssa 🤔
13:01:15 Gladys she/her: Alyssa, LOLOL
13:01:28 Kimberly (She/Her): At Amelia - French, too!
13:01:28 Rachel Lang: We'll talk about this, Noemi, but every chart point has shadow and light. So, you can do this with everything. I look for deficiencies, like an absence of water, fire, etc. Then, remediate that absence.
13:02:16 Liz Hackworth: Do these planetary days start at sunset the night before?
13:02:38 Rachel Lang: They start at midnight- the start of the day, Liz
13:03:35 Leah: my chart is ruled by mercury AND I was born on mercury day.
13:03:54 Alyssa: Oh Leah I'm moon-ruled and born on Monday! Never thought about that!
13:04:02 Alyssa: Thanks for sparking it!
13:05:29 Nina Hatchwell: so fascinating
13:05:51 BRIGID: Same!! Born on Mars day, Mars-ruled!
13:08:06 Bonnie Gillespie (she | her): Thank you patriarchy.
13:08:18 BRIGID: SMASH IT! WITH A HAMMER!
13:08:26 BRIGID: Oops lil too Saturn/Mars over here
13:08:31 Alyssa: I feel like Denise Duffield-Thomas is a GREAT example of a "feminine" CEO!
13:08:56 Bonnie Gillespie (she | her): LOL Brigid.
13:09:00 BRIGID: YES Alyssa!
13:09:07 Amelia Rico: Our positions are very similar here Heather. lol. Our 2nd, 6th and 10th are the same signs and our MC is the same house and sign! Crazy!
13:09:32 BRIGID: Oprah's a Sun Aquarius too!
13:12:39 BRIGID: Capricorn moon coming tonight as Bonnie said! Might be a good time to feel into that switch at 3:30 PST today
13:12:59 Liz Hackworth: Nice point Brigid! Yeah!
13:13:25 Heather: Yasss. Excited for this Aquarius full moon too.
13:13:44 Gladys she/her: I feel you, Remy.
13:13:50 Bettina Kenney (she/her): Murky - murkury? :D
13:14:08 Kimberly (She/Her): :-P

13:14:52 Sarah McLean: Remy, you want some of my Saturn? I'll gladly share.
13:14:53 Bonnie Gillespie (she|her): Thank goodness for that Saturn in Pisces. Grounds the otherwise all-other-worlds sign.
13:15:45 Leah: so many things in Remy's 10th and 6th!
13:15:46 BRIGID: Don't "should" all over my good friend Remy!!
13:15:59 Rhianna Basore: Grounding! Walk in the grass with bare feet
13:16:14 Remy O'Brien: Yes Sarah ill take it
13:16:16 Bettina Kenney (she/her): Brigid 🙌
13:18:29 Sarah McLean: The IG GSD days you create, Marie, come on! Very artsy.
13:18:47 Liz Hackworth: And I see your pretty dreamcatcher back there, Marie!
13:18:48 Liz Hackworth: ;)
13:18:58 Alyssa: Whoa I see HR as the perfect combo of Pisces and Saturn! It's a lot rules, but there's also major woo in hiring and team building
13:20:33 Liz Hackworth: So beautifully dynamic
13:21:01 BRIGID: Also what I love about Pisces Marie is that it's the 12th sign of the zodiac - so it GETS all the other signs without having to have lived the experiences of all of them. You can connect to so many peoples' experiences in HR and bring compassion AND structured boundaries (Saturn) to that! I love it for you
13:21:11 Marie Watkins: Thanks All! I'm glad you like the IG stuff
13:21:31 Amelia Rico: Yes, Sarah, the IG GSD are the epitome of Saturn in Pisces. Structuring woo!
13:22:16 Amelia Rico: Marie, own that chart. It's yours!
13:22:19 Noemi: Omg chiron in retrograde... true
13:22:58 Noemi: And its in 10th house
13:23:24 Bonnie Gillespie (she|her): Even your forum posts and comments.
13:23:25 Bonnie Gillespie (she|her): YES.
13:24:13 Marie Watkins: Thanks Amelia!
13:24:52 Jill Austin: Thanks you so much! have to run1
13:25:34 Bettina Kenney (she/her): *giggle*
13:25:51 Bonnie Gillespie (she|her): Rachel is GENIUS with asteroids.
13:25:54 Bettina Kenney (she/her): Aaaa, thank you so much, Rachel and DMMG, Bonnie <3
13:26:06 Bonnie Gillespie (she|her): Pallas — wisdom, craftsmanship
13:26:12 Bonnie Gillespie (she|her): service
13:26:19 Bonnie Gillespie (she|her): contribution
13:26:26 Gladys she/her: Thank you, thank you! I need to run now as well. This is fascinating, I never heard of Pallas. Gonna listen to this again!
13:26:32 Bonnie Gillespie (she|her): Vesta — ritual, tending, celibacy

- 13:26:35 Bonnie Gillespie (she|her): sacredness
- 13:26:42 Bonnie Gillespie (she|her): Ceres — nurturing, nourishing, caring
- 13:26:56 Bonnie Gillespie (she|her): Juno — commitment, marriage, partnership that is equal and collaborative
- 13:26:57 Marie Watkins: Thanks for a great week - gotta go. The dog is demanding my attention.
- 13:27:38 Noemi: What are the vesta etc? Think i got lost
- 13:27:46 Bonnie Gillespie (she|her): Asteroids, Noemi. :)
- 13:28:03 Bonnie Gillespie (she|her): Advanced stuff, so that's why Rachel just wanted to share keywords for those who are going to that level.
- 13:28:07 Noemi: Brilliant, thank you
- 13:28:46 Noemi: Will look it up, would they show in the Brith chart too?
- 13:29:11 Bonnie Gillespie (she|her): Only if you've done extended options in the rendering of the chart. There are HUNDREDS (if not thousands) of add-ons you can put in the natal chart when rendering it.
- 13:29:24 Bonnie Gillespie (she|her): I don't recommend exploring that 'til you feel you've mastered what we're covering here. :)
- 13:30:14 Sarah McLean: Same signs in the same chart as Jim, and this is scary accurate. Thanks, Rachel.
- 13:30:28 Noemi: This is awesome, you guys wont get rid of me now, love learning from you
- 13:30:30 Sarah McLean: in the same house* not hart
- 13:30:35 Rachel Lang: Oh Wow, Sarah!! Thanks!!
- 13:35:10 Alyssa: Such an inspiring class, thank you!!!
- 13:35:20 Lisa Lafayette: Thank you!!
- 13:35:24 Bettina Kenney (she/her): Happy Birhday to your wife!
- 13:35:34 Nina Hatchwell: thank you. Amazing call
- 13:35:39 Rhianna Basore: Thank you, everyone!
- 13:35:53 dana hauser: thanks to you both!
