

Astrology for Creatives Live Zoom Chat 4 August 2021

11:31:08 From Lisa Lafayette: hello!!!!

11:31:28 From Liz Hackworth: Amazing, Rachel, yay!

11:33:03 From Kimberly (She/Her): And all good villains are just misunderstood teachers!!

11:33:39 From Bettina Kenney (she/her): "Astro-judgy" was immediately assimilated... that word is so good!

11:34:12 From Kimberly (She/Her): balancing forces (yin/yang!)

11:34:34 From Bettina Kenney (she/her): True story, Kimberly! They are just getting a bad rap... rep? wrap? ;P Probably all of those ... 🤔

11:35:29 From Liz Hackworth: I do historically give myself a hard time! Saturn Rx in the 1st house. Capricorn, no less... heh heh

11:35:52 From April Sugarman: Mars in first house for me — I'm my toughest critic.

11:36:35 From Marie Watkins: Saturn 10th (Pisces) which seems to want to regulate and throttle my desire to be more woo-ish

11:37:15 From April Sugarman: Sooo needing this week's curriculum!

11:37:29 From BRIGID: Mariiiiiiiii my Saturn's in Pisces too! 5th house though, so if I'm playing or being creative it's gotta be "perfect" or it's not "worth it"

11:38:04 From Sarah McLean: Right there with you Brigid - Saturn in 5th. Same tendencies.

11:38:19 From BRIGID: !!!!!

11:38:36 From Remy O'Brien: Hey guys my Saturn in Pisces too in 10th house

11:38:50 From Marie Watkins: @remy makes it rough huh?

11:38:54 From April Sugarman: Mars in Sag in 1st house — why I'm feeling stuck in my fears of moving forward

11:39:08 From Remy O'Brien: Marie yep especially b/c its conjunct my moon

11:39:26 From Marie Watkins: Whoa - mine is near Chiron. *gulp*

11:39:37 From Lisa Lafayette: that makes so much sense

11:39:53 From April Sugarman: Mars conjunct Neptune, Jupiter, and Rising

11:41:36 From Heather Wake: I'm in

11:41:48 From Rachel Lang: Aw! Thanks, Bonnie!!

11:42:27 From Rachel Lang: Saturn cycles - 28.5. Divide it by 7 and every 7 years is a Saturn square/opposition

11:42:57 From Bonnie Gillespie (she/her): So, "the 7 year itch" is actually a Saturn square.

11:43:13 From Bonnie Gillespie (she/her): Mars = 2.2 years to go through all 12 signs.

11:43:17 From Liz Hackworth: Love to know that :)

11:44:06 From Bonnie Gillespie (she|her): You may see patterns of lessons wherever Mars is every 8 weeks (as it changes signs) or every 2.2 years (all 12 signs) or every 6-7 months (for the squares/oppositions).

11:44:48 From Bonnie Gillespie (she|her): Learns NO.

11:44:55 From Bonnie Gillespie (she|her): MINE

11:45:36 From Bonnie Gillespie (she|her): Similarly, if Mars is in a more chill sign, it may lack motivation.

11:45:43 From Bonnie Gillespie (she|her): And feel frustrated by that.

11:45:54 From Bonnie Gillespie (she|her): Michael Bay.

11:46:08 From dana hauser: that's mine lol

11:46:14 From Bonnie Gillespie (she|her): BAM

11:46:51 From Bonnie Gillespie (she|her): "Dignified Mars" means Mars is in a sign it loves to be in. Where it's very well represented in its full warrior self.

11:47:10 From Bonnie Gillespie (she|her): If Mars ain't happy, no one's happy. ;)

11:48:03 From Kimberly (She/Her): My Mars is in Pisces, but I am FEELING this description of Mars in Aries!!

11:48:23 From Liz Hackworth: Same, Kimberly!

11:48:27 From Bonnie Gillespie (she|her): Also consider the body parts the sign your Mars is in rule: <https://bonniegillespie.com/astrology-body-parts-ruled-by-signs> — you'll notice your FIRE gets major when that body part is not being well taken care of.

11:49:45 From Heather Wake: My dentist agrees with this.

11:50:00 From Jennifer DeLatte: Oh man...my Mars in Libra and my lower back is killing me lately...getting an MRI.

11:50:30 From Kimberly (She/Her): :-)

11:50:32 From Bettina Kenney (she/her): Aaaah, Gemini: 99% of my physical whatnots are LUNGS!!!

11:50:36 From Bonnie Gillespie (she|her): For those who are clicking with Aries Mars, remember that Mars is inherently Aries in vibe, we are all all of the signs.

11:51:02 From BRIGID: HUNTINGTON LIBRARY YAS

11:51:50 From Heather Wake: Rachel you're my hero.

11:51:50 From Bettina Kenney (she/her): Hahaa, Mars in Gemini... Yup: Laught & play all day... and that's even a rhyyyyme... So it's WORDplay all day, too! 😂

11:51:56 From Bettina Kenney (she/her): *er

11:53:08 From Bonnie Gillespie (she|her): :*(

11:54:22 From Leah Cevoli: Yep Mars in cancer

11:55:58 From Bonnie Gillespie (she|her): Acts of service for Virgo Mars.

11:56:05 From Bettina Kenney (she/her): Madonna: 🎵 Express yourself 🎵 - and she's a Leo... ;P

- 11:56:14 From Bettina Kenney (she/her): (No idea about her mars though)
- 11:56:30 From Bonnie Gillespie (she/her): Bettina, you may be able to find her verified chart out online somewhere.
- 11:56:52 From Lisa Lafayette: that's me Mars in
- 11:56:57 From Lisa Lafayette: Libra
- 11:57:02 From Bettina Kenney (she/her): Ooooooh, I'll scour the internet! That's gonna be fascinatinG!
- 11:57:20 From Bonnie Gillespie (she/her): Yeah, Bettina, Rachel has a good site to use for verified celebrity charts.
- 11:57:42 From Bonnie Gillespie (she/her): Looking at Britney Spears' chart has been fascinating.
- 11:57:45 From Bettina Kenney (she/her): 🤩 Oooh, that'll be so insightful!!!
- 11:57:54 From Bettina Kenney (she/her): I can imagine THAT!
- 11:58:59 From Noemi: God..so true...
- 12:00:04 From Bonnie Gillespie (she/her): Even pushing beyond your personal best in anything you love to do.
- 12:00:11 From April Sugarman: I totally relate to all of this — Mars in Sag — being stuck is totally my biggest fear — thank you for the "how" to get past that. :)
- 12:00:34 From Bonnie Gillespie (she/her): Yeah, April, for you, regular artist dates IN MOTION.
- 12:00:46 From April Sugarman: Yes, Bonnie!!!!
- 12:00:48 From Liz Hackworth: Yay, Mars in Piceses! Accurate (of course) :)
- 12:01:38 From Kimberly (She/Her): hahahahahaah - just came out of a big issue with contractors (Mars in 4th house)
- 12:01:55 From Jennifer DeLatte: Lorrddd, 4th house in Libra...just got over a 2 month renovation from HELL. Lower back is in pain and had to fire contractors.
- 12:02:14 From Bonnie Gillespie (she/her): LOL you sweet 4th House Mars folks. Look at the literal!
- 12:02:29 From Remy O'Brien: Yep 4th house. My whole family lives on the east coast/
- 12:02:36 From Noemi: Omg 4th..
- 12:02:39 From Liz Hackworth: I'm fascinated to hear/learn more about this needing boundaries w/ respect to Mars... hmmm...
- 12:02:59 From Bonnie Gillespie (she/her): Liz—think of it as knowing your NO line.
- 12:03:20 From Bonnie Gillespie (she/her): You may never need to ASSERT boundaries if your NO line is clear, going in.
- 12:03:21 From April Sugarman: Total 1st house Mars — finally got the message this past year about creating boundaries.
- 12:03:29 From Liz Hackworth: Ah.... Ok cool, thank you! :)

12:03:47 From Amelia Rico: Yes, lol. Mars in 6th house. I feel like I'm never NOT busy. :(

12:03:48 From Bonnie Gillespie (she | her): Liz—I live my life that way (NO line > boundaries). It's a game-changer.

12:03:53 From Bettina Kenney (she/her): OMGoddess: Just 2 weeks ago I got a majorly awesome playground in the 7th house: boundaries with agents!

12:03:55 From Bettina Kenney (she/her): Baaaaaam

12:04:01 From Bonnie Gillespie (she | her): Bettina, you sure did!

12:04:12 From Bettina Kenney (she/her): :* :* :*

12:04:15 From Bettina Kenney (she/her): <3

12:04:27 From Bettina Kenney (she/her): *giggly buttdance*

12:04:46 From Bonnie Gillespie (she | her): Also the public at large, for the 10th.

12:04:57 From Bonnie Gillespie (she | her): Your fanbase.

12:05:07 From Liz Hackworth: Awesome, thanks Bonnie! I think I'm moving that way, too, with this season of self-defining... that includes all the lines and definition! Sounds amazing, can't wait to jam with you more on this

12:05:25 From Bonnie Gillespie (she | her): Looking forward to it, Liz. We'll have a GREAT starting point with all of this!! :)

12:06:05 From dana hauser: could you overwork for a boss w/ mars in the 10th?

12:06:16 From Rachel Lang: Yes, Dana! That can be one.

12:06:22 From BRIGID: No line, so good

12:06:31 From Rachel Lang: I love the idea of the "No line!!"

12:06:56 From BRIGID: I have this with roommates, friends becoming roommates, & house expectations - Mars in 4th in Aquarius lol

12:07:05 From Rachel Lang: Wow, Brigid- so important

12:07:13 From Jill Austin: In Starseed deck, when you say yes when you want to say no, look at what you need to say yes to yourself about.

12:07:16 From Bettina Kenney (she/her): hamlet act 3 scene 3 line 87 :)

12:08:01 From Leah Cevoli: Yep 11th house Mars - boundaries with *my* network were a huge lesson in my past - particularly as I began working with ppl at much higher tiers than my friends/community currently sat

12:08:13 From Leah Cevoli: I had huge challengers around that

12:08:53 From Rachel Lang: The "dad" planet!!!

12:09:16 From Kimberly (She/Her): love that Bettina!!!!

12:09:55 From Bettina Kenney (she/her): 😊

12:10:31 From Bonnie Gillespie (she | her): Saturn has the shoulds.

12:11:15 From Bonnie Gillespie (she | her): That's so good.

12:11:49 From Bonnie Gillespie (she | her): "Is it me, or is it Saturn?"

12:11:56 From Bonnie Gillespie (she | her): Saturn is also the patriarchy, BTW.

- 12:12:17 From Remy O'Brien: Love that Bonnie. Is it me or Saturn
- 12:13:02 From Kimberly (She/Her): Expansion!!
- 12:13:21 From Bettina Kenney (she/her): Is it me or is it Satiurn - so gooood!
- 12:13:26 From Bonnie Gillespie (she | her): It's a fallen tree but, hey, this car I'm in is an off-roader. It can go right over that! ;)
- 12:13:42 From Liz Hackworth: This is revolutionary! "Move into the limitations to see that they're false" wowza.... THIS is such a beautiful way to view Saturn! Looking forward to leaning in more and more on this :)
- 12:14:26 From Remy O'Brien: mine is Retrograde
- 12:14:35 From Jennifer DeLatte: Oh wow. My dad died when I was 5.
- 12:14:41 From Sarah McLean: Saturn Retro - Rachel just hit the trifacta there. Wow.
- 12:14:49 From Mae Ruling: Yup, me too
- 12:14:51 From Bonnie Gillespie (she | her): {{{hugs}}} y'all.
- 12:14:56 From dana hauser: yep - spot on...all of the above.
- 12:15:04 From Bonnie Gillespie (she | her): Just knowing it's Saturn, though, hopefully becomes freeing.
- 12:15:06 From Alyssa: Ha oh man, Mars in Cancer and Saturn Retrograde 🤔
- 12:15:16 From Lisa Lafayette: Holy crap!! Wow explains so much
- 12:15:23 From Liz Hackworth: I do have Saturn rx, and fear of abandonment and detachment, even in the light of that being one of the Pisces Mars fears! Eek! Hello, healing work to be done...
- 12:15:29 From Amelia Rico: Rachel just broke me. lol hugs all.
- 12:15:36 From Sarah McLean: Thank you Rachel, needed that reframe.
- 12:17:50 From dana hauser: i resonate w /that as a Leo sun...
- 12:17:51 From Liz Hackworth: This whole talk on Saturn reminds me of taking a "trust fall"
- 12:18:11 From Bettina Kenney (she/her): Oh, what a great image, Liz!
- 12:20:01 From Marie Watkins: Wow - Saturn in Pisces 100% spot on
- 12:21:53 From BRIGID: Awwww I love that 😊
- 12:22:00 From Bonnie Gillespie (she | her): That's a good one, Rachel.
- 12:22:56 From Bonnie Gillespie (she | her): Population of thirds.
- 12:24:45 From Noemi: Could you elaborat on the 4th house Please? You read its home, family and ancestors but in what sense? Are we to avoid these isdues?
- 12:24:50 From Bettina Kenney (she/her): As a kid I was afraid of dying... so much so that I wouldn't want to sleep because in often dream about death
- 12:25:11 From Bettina Kenney (she/her): *i often dreamed about death

12:26:26 From Rachel Lang: Noemi, the 4th can be a fear of disappointing parents - or not feeling accepted by them. Or feeling a strong pull to the family that limits you from doing what you want to do

12:26:36 From Marie Watkins: Yes..Mars has been kicking my ass since early April. I've been cutting paper into cool shapes then burning them. Seems to amuse Mars and he has been more chill lately

12:26:38 From Rachel Lang: Wow, Bettina- it's so literal.

12:26:47 From Alyssa: Ooooh so excited for those additions!!!

12:27:15 From Noemi: Thank you Rachel, so true.

12:27:25 From Marie Watkins: Music - I have a playlist of moody Russian composers called F-U Mars. LOL

12:27:42 From Rachel Lang: Tuesday - Mars day

12:27:49 From Rachel Lang: Saturn's day- Saturday

12:28:10 From Sarah McLean: Love those tasks, Marie.

12:28:30 From Marie Watkins: @Sarah Thanks! Had to do something to shift the energy

12:28:33 From Remy O'Brien: If you are born on Mars day, does it make it easier?

12:28:55 From Rachel Lang: Yes- so, we're not blaming others directly- we're seeing the bigger picture. While also setting boundaries with circumstances that are challenging!

12:29:28 From Mae Ruling: Do you find that the planetary hours light up the areas of our life that match that planet's placement in our charts?

12:34:30 From Liz Hackworth: I was feeling like Mars is my new favorite Wingman for interacting with Saturn! So cool :)

12:35:05 From Marybeth: how do we raise hand?

12:35:13 From BRIGID: Marybeth, under reactions

12:35:13 From Sarah McLean: Same, Liz!

12:35:14 From Valerie Madden: Raising my hand

12:35:17 From Remy O'Brien: under reactions

12:35:41 From Rachel Lang: Mae, yes, I find that's true!!

12:35:43 From Marybeth: thanks Remy

12:35:48 From Rachel Lang: Ooh, love that, Liz!!

12:38:14 From Bex Carney: Have to go. THANK YOUUUUUU!!!!!!

12:43:20 From Amelia Rico: Can someone remind me, do we light fires/candles for Mars or Saturn?

12:44:26 From Bonnie Gillespie (she | her): Mars = fire, Amelia

12:44:30 From Bonnie Gillespie (she | her): Saturn = cold

12:44:40 From Amelia Rico: Thanks!

12:45:15 From Remy O'Brien: Does Mars opp your Saturn hold significance

12:47:53 From Liz Hackworth: Are we attempting to relate our Mars and Saturn placements to our branding, or is that happening next week with "Putting it All Together?" Just curious if this is more for us/our knowledge, or is it also specific to branding at this point? :)

12:48:19 From Bettina Kenney (she/her): *giggle* "Child's pose - the end"

12:48:25 From Bettina Kenney (she/her): 🙌🙌

12:48:31 From Liz Hackworth: Hehe yes so good

12:56:27 From BRIGID: Yas 4 tendencies!!

12:57:58 From BRIGID: Also Chiron 11th house Valerie - I have that too. So many wounds around the peers that are outspoken that they don't like when you step into your confidence - but there are so many more who will be helped by you stepping into your confidence who may not be as loud about it as the folks who are triggered by someone stepping into their power (because you make it possible for others to do so too)

12:58:06 From Kimberly (She/Her): Saturn & North Node both in 10th house - no wonder I have struggles with career! But, boy, how great will it be when the mastery comes!

12:59:31 From Liz Hackworth: I'm curious about this too!

13:00:32 From Valerie Madden: Thanks Brigid :)

13:00:44 From Liz Hackworth: Suuuuper excited for week six next week! :D

13:01:37 From Bettina Kenney (she/her): A Bonnalogy!

13:02:14 From Rachel Lang: Brigid- I agree with that analysis of Chiron in the 11th!! Big theme- belonging. And you then create communities where all belong!! That's your medicine

13:02:52 From BRIGID: 🙌🙌

13:04:31 From Sarah McLean: Great. Mars at 29 degrees.

13:06:13 From Heather Wake: She talking about the slide you showed, Bonnie

13:07:50 From Bonnie Gillespie (she/her): But of course your Saturn 1st, Mae, would want the RULE.

13:08:02 From Mae Ruling: It's even in my last name!

13:08:32 From Valerie Madden: Thanks for today. Have to jump to another meeting.

13:09:15 From Liz Hackworth: Oof, I have so much going on in the angular houses apparently! Just glanced it :)

13:19:55 From dana hauser: I had to handle a phone call and missed so much ;(

13:20:41 From Liz Hackworth: There's always the replay! :)

13:23:47 From Liz Hackworth: I just had an epiphany with my partner, who has Cancer Mars in the 6th... WOWWWW Thanks for this Q!

13:25:34 From Liz Hackworth: WHOA!

13:25:47 From Rachel Lang: That's so incredible, Bonnie!!! AWESOME!!!
13:25:59 From Rachel Lang: Cancer is grandma as Rosie the Riveter! 🍷
13:26:04 From Rachel Lang: 🔥
13:27:00 From Alyssa: Luinluland immediately popped into my head as badass grandma! <https://www.instagram.com/luinluland/?hl=en>
13:27:11 From Bonnie Gillespie (she|her): Thank you, Alyssa!
13:27:44 From Bonnie Gillespie (she|her): This is that whole "We don't have to monetize everything we're good at" lesson.
13:28:04 From Bonnie Gillespie (she|her): We're gonna be turned on by a LOT of things. Discernment!!
13:28:12 From Heather Wake: Oh. right. LOL.
13:31:08 From dana hauser: Im almost there!
13:32:11 From Leah Cevoli to Bonnie Gillespie (she|her)(Direct Message): I know exactly what changed during my first Saturn return - I went from working "behind the scenes" in music to a complete shift to wanting to be center stage and focusing on my sag card
13:32:15 From Leah Cevoli to Bonnie Gillespie (she|her)(Direct Message): Oops
13:32:24 From Leah Cevoli: I know exactly what changed during my first Saturn return - I went from working "behind the scenes" in music to a complete shift to wanting to be center stage and focusing on my sag card
13:32:32 From Bonnie Gillespie (she|her): YES, Leah!
13:33:49 From Liz Hackworth: WOO, Leah! That's awesome
13:33:54 From Bonnie Gillespie (she|her): Therapeutic reparenting.
13:34:14 From Bonnie Gillespie (she|her): Decorating your own space so differently than your family home was decorated.
13:35:06 From Jill Austin: Feng shui family bagua
13:35:11 From Bonnie Gillespie (she|her): Yes, Jill!!
13:35:57 From dana hauser: what if the house switches based on the house system - do you just feel into what resonates -
13:36:32 From Alyssa: Gotta hop off, thanks so much! Really looking forward to next week!
13:38:08 From April Sugarman: Yes! I found myself in both the 5th (Placidus) and 6th houses (Whole signs) regarding Saturn
13:38:17 From dana hauser: Thank you Bonnie -(and yes - both show up for me...) i am really liking whole house though!!
13:38:55 From dana hauser: love it -
13:39:01 From Bettina Kenney (she/her): Another awesome Bonalogy! Butter knife!

13:39:25 From Bettina Kenney (she/her): (Butter knife not quite as Mars-y as the Surgical knife I guess? ;P)

13:39:42 From Liz Hackworth: Hehehe, Bettina!

13:39:47 From April Sugarman: Thank you sooo much!

13:39:48 From Liz Hackworth: Yes, I feel the strength!!

13:39:58 From Liz Hackworth: And the potential!

13:40:00 From April Sugarman: You ladies are amazing!

13:41:34 From Jill Austin: so great!

13:41:45 From dana hauser: Thank you!!!!
