LEARN THE WAY YOUR CHART WANTS YOU TO GET TO THE BANK

We touched on this in last month's meeting (watch that replay if you missed it) and now it's time to go deeper with the 5 components of your natal chart that are telling **YOUR MONEY STORY**.

REMINDER:

If you need a refresher on accessing your free natal chart in Whole Sign houses, grab the workbook for **What Your Birthday Says About You** from your **Aligned Advantage** welcome page!

Bon's natal chart in Whole Sign houses.

WHAT TO LOOK FOR:

We're going to look at (in this order) **3 houses**, **1 house axis**, **1 planet**, **1 sign axis**, and **1 more planet** as we hit all 5 components.

I've highlighted our starting point (**3 houses**) on my natal chart, here on this page. During our live Zoom, I'll walk you through these 3 houses for all possible charts as we begin our tour through as many of the 5 components as is practical. I suspect this will be a multi-month convo, to prevent overwhelm, so no rush to get to it all right now!

Have a look at the relationship matrix, rulership graphic, and lists of keywords on the following pages to help steer your work when we fill in the worksheet (last page) together during our Zoom. Yay!

Looking at the signs on the outside of your natal chart's chartwheel, identify what ELEMENT is associated with the **2nd**, **6th**, and **10th** houses (it'll only be ONE element for all 3 signs, as the chart below illustrates).

modality

element

Consider writing the symbols (or words, if you're not yet fluent in the glyphs for everything) along the outside of your natal chartwheel. This will help you navigate your chart at a glance.

Glyphs, Modalities, Elements

Each of the fun symbols you see on your chart has meaning. This page covers a bunch of 'em. NOTE: There are variations in some signs [like Capricorn] and planets [like Pluto] and there's no different meaning implied when any particular version is used. Think of it like cursive vs. block letters.

THE PLANETS & PLACEMENTS		THE SIGNS	
☉	Sun	♈	Aries
☾	Moon	♉	Taurus
AC	Rising [Ascendant]	♊	Gemini
☿	Mercury	♋	Cancer
♀	Venus	♌	Leo
♂	Mars	♍	Virgo
♃	Jupiter	♎	Libra
♄	Saturn	♏	Scorpio
♅	Uranus	♐	Sagittarius
♆	Neptune	♑	Capricorn
♇	Pluto	♒	Aquarius
MC	Midheaven	♓	Pisces
♁	North Node		

The staircase table for your chart showcases symbols that indicate the relationship between placements [specifically major aspects: conjunctions, squares, and oppositions; less-major aspects: sextiles and trines; and minor aspects: semi-sextiles and quincunxes]. Stay curious about what you're seeing!

Each sign has a **Modality**; the disposition from which it does its work. For example, Capricorn is a Cardinal sign, so it does its Capricorn business from a POV of leadership. Consider Modality to be a way to notice relationships between the signs in your chart!

CARDINAL: Aries, Cancer, Libra, Capricorn [the leaders]

FIXED: Taurus, Leo, Scorpio, Aquarius [the upholders]

MUTABLE: Gemini, Virgo, Sagittarius, Pisces [the shape-shifters]

Each sign also has an **Element**; that's how it does its work. For example, Taurus is an Earth sign, and that means it does its Taurus business in a grounded, physical kind of way. This is another opportunity to check for common threads in how various signs relate!

FIRE: Aries, Leo, Sagittarius [passionate and magical]

EARTH: Taurus, Virgo, Capricorn [willing to put in the work]

AIR: Gemini, Libra, Aquarius [bubbling over with ideas]

WATER: Cancer, Scorpio, Pisces [intuitive and emotional]

Planetary Rulers

Each sign has a ruler. That's a planet whose energy is in charge of that sign's HOW [remember, the planet is the **WHAT**, the sign is the **HOW**, and the house is the **WHERE** it all shows up]. Using traditional rulership, we've got **7 planets** and luminaries that rule the **12 signs**. What kind of energy is dominant in your chart? Which planets make up the vibe of your Life-Car? Are the nooks and crannies of your natal chart (and therefore your personality) starting to make more sense now?

The infographic features a central yellow sun with a smiling face, surrounded by seven circular callouts, each containing a planet and the signs it rules. The planets are: The Moon (Cancer), Saturn (Aquarius, Capricorn), Mars (Aries, Scorpio), Venus (Taurus, Libra), Mercury (Gemini, Virgo), and Jupiter (Sagittarius, Pisces). Each planet is illustrated with a cute, anthropomorphic face and its zodiac symbol.

Sunday = The Sun's day • Monday = The Moon's day
Tuesday = Mars' day • Wednesday = Mercury's day
Thursday = Jupiter's day • Friday = Venus' day
Saturday = Saturn's day

Rulership Glyph Guide

In addition to the glyph guide a few pages back, consider this presentation, aligning the 7 traditional planetary rulers with each of the 12 signs of the zodiac. The **7 Traditionals** align beautifully with planetary days of the week *and* planetary hours, which are essential players in **Chart Harmony**. Hooray!

<u>Sign</u>	<u>Glyph</u>	<u>Ruler</u>	<u>Glyph</u>
Aries	♈	Mars	♂
Taurus	♉	Venus	♀
Gemini	♊	Mercury	♁
Cancer	♋	The Moon	☾
Leo	♌	The Sun	☼
Virgo	♍	Mercury	♁
Libra	♎	Venus	♀
Scorpio	♏	Mars	♂
Sagittarius	♐	Jupiter	♃
Capricorn	♑	Saturn	♄
Aquarius	♒	Saturn	♄
Pisces	♓	Jupiter	♃

The Planets & Placements

While there are all sorts of minor planets, fixed stars, and asteroids out there, most of the action in our lives comes from our **Chart Ruler, The Big 3** (in your Life-Car), and the **7 Traditionals** of the 13 main planets and placements (luminaries and non-planet mathematical points) listed here. Remember, with planets, we're dealing with the **WHAT** in the formula for navigating your chart!

THE SUN: This life-giving luminary is your ego, your sense of self, your essence, your spirit, your source of will, your vitality, your authority. It's your life-car's navigator!

THE MOON: Your emotional body is deeply tied to the Moon. Your feelings, instinct, and intuition come from the setpoint of your natal Moon *and* fluctuate with what the Moon does, day to day. This is your inner home; it's how you feel safe. It's also the backseat driver in that car of your life, making sure needs are met.

YOUR RISING: Also known as your **Ascendant [AC or ASC]**, this is your belief system and daily life. It's how you come across, your physical characteristics, and your personal style. This is the driver of your life's car; the ruling planet of your rising sign has a lot to do with how you show up in the world.

MERCURY: Ruler of communication, travel, personal technology, how you learn, what you believe, and how you speak about what you know... all packed in one shifty little prankster of a planet. Your reasoning and dexterity are tethered here.

VENUS: How you love, see beauty, find balance, and deal with money — yep, money mindset *and* love language — are all in one place! Your core values, relationships, harmony, charm, sensuality, and artistic talents... all shaped by Venus.

MARS: The warrior planet is all about your motivation, fire for fighting and... another F word. ;) Look here for your passion, physical energy, stamina, courage, temper, drive for achieving, and impulses.

JUPITER: This is how you get lucky! If the planets all go to Vegas, Jupiter is driving the party bus! Jupiter is all about expansion, gifts, and blessings in life, adding glitter to your vision, your faith, your philosophical setpoint, and your flair for doing the most! No apology for exclamation points where Jupiter's concerned!

SATURN: It's back to basics time. Saturn is "the dad planet" (and we all have daddy issues) because it's making sure you're doing what you came here to do. Saturn is a minimalist, all about contraction, limits, structure, focus, rules, and tenacity.

URANUS: Your rebellious innovation is here. If you're gonna think outside the box, Uranus will be how you do it, with a dash of independent eccentricity. Uranus asks: "Where am I not free?" and then creates a revolution in the name of freedom.

NEPTUNE: This is the planet of deception, mystery, magic, creativity, spirituality, illusion, theatre, and the supernatural. Check here for secrets, addictions, and help from beyond!

PLUTO: I call Pluto the TOWER card. If you know tarot, you get the picture. This is a powerful generational planet of transformation. Its sign represents what your age group came to transmute, kill off, or forever change in our world! NBD. ;)

YOUR MIDHEAVEN: Noted on your chart as **MC**, this is your ambition for your higher calling.

YOUR NORTH NODE: Your destiny. Your life's purpose. All the things beyond your perceived limits and practiced beliefs. As challenging as writing with your non-dominant hand. Do-able, but so uncomfortable to get used to that you may not!

The Signs

You certainly know "your sign" [this is the horoscope you may read from time to time]. What you're talking about in that case is the sign the Sun was in when you were born. Of course, you **have** all 12 signs in your chart! Just look at the outside of the chartwheel. All 12 signs are players in your life's story **and** how you can invite in everything you've ever dreamed of... even using the "empty" houses. **NOTE:** These GENERAL dates for Sun signs sometimes shift due to the 360° chartwheel vs. the 365-day calendar year [y'know, Leap Year and all that]. Ah, human time is so adorable. Familiarize yourself with the various energetic signatures of these signs [the **HOW** part of our formula].

PISCES: February 19-March 20. Pure magic! Sensitive, psychic, intuitive, artistic, mystical, musical, compassionate, empathetic, insecure, secretive, lives in other worlds and loses time.

The Houses

Again, remember our formula: The planet is the **WHAT**, the sign is **HOW**, and the house is the **WHERE**. Example: A **Venus** in **Leo** in the **11th House** ([Bonnie Gillespie](#)) means all the loving and valuing and beautifying is done in a very grand and passionate and public way specifically in broader communities and in service of utopian, innovative, progressive visions for us all. Use this list to get to know some of the **WHERE** that's already in your chart! **[We all have all 12 houses!]**

1st HOUSE: Your personality, your body, the impression that you make live here [it's the house of your Rising sign AKA Ascendant].

2nd HOUSE: This is where we find your values, your desires, your belongings [AKA your "stuff"], and your earned income.

3rd HOUSE: Your closest friends, siblings, cousins, and networking activities can be found here, plus communication, social media, and short travel.

4th HOUSE: Your family of origin, home, your "unseen parent," family land, heritage, and ancestry are rooted here.

5th HOUSE: This is where you'll find your creative expression, joy, friskiness, risk-taking, gambling, drama, and pleasure in life. Your children live here too.

6th HOUSE: Daily practices, your health and fitness, acts of service, and the jobby-job work you do [not your purpose in life] are here. This includes your co-workers and employees. Pets hang out in this house as well.

7th HOUSE: This is where partnerships live [both business and romantic partnerships, always 1:1]. This can include your agents... and your enemies!

8th HOUSE: Your money issues are here [usually other people's money, investments in you, or loans you take out and taxes you pay] as well as your shadow work, secrets, sexual intimacy, death/transformation, and legacy.

9th HOUSE: Your love for learning, higher education, traveling great distances, and exploring things like religion, publishing, astrology, and law are anchored here.

10th HOUSE: Your chart's most visible stage! This is your higher calling and how you're seen in the world, where your true north and your brand meet!

11th HOUSE: This is your house of community, friends, tech, activism, idealistic view of the future, and innovative dreams for the greater good of the collective.

12th HOUSE: "The house of your undoing," this is where your [karmic, mental health] secrets, thoughts on loop, and confinements live. But also so much magic, like mysticism, spirituality, and intuition! Institutions [from hospitals to jails to retreat venues to rehab to systems we live by] hang out here too.

The Houses at a Glance

This chartwheel of keywords may help you connect more deeply with your natal chart from the perspective of the houses. Note: The signs are those glyphs on the circumference of your chartwheel; the planets are those glyphs inside the "pie pieces" AKA houses. Remember our formula: The planet is the **WHAT**, the sign is the **HOW**, and the house is the **WHERE**. Important: Your Rising is always in the 1st House, no matter what house system you use!

You were born with either **Fire**, **Earth**, **Air**, or **Water** as the element for your **2nd**, **6th**, and **10th** houses. And each of those houses is ruled by a planet (the ruling planet of the sign you have along the edge of the chartwheel for each house).

Using keywords from the previous pages borrowed from **Guided Chart Harmony**, start getting to know these parts of your chart. We'll discuss practices to support these 3 money houses during our Zoom. We'll also touch on cautions for each element, when it comes to how we hustle, how we trust, how we DO.

LEARN THE WAY YOUR CHART WANTS YOU TO GET TO THE BANK

We got into some really great nuance about your **2nd**, **6th**, and **10th** house **rulers** during our Zoom. Consider these 3 planets as your board of directors for these 3 money houses. How do they behave when they're at the table together, determining your approach for earned income/values/enoughness (2H), your daily systems and consistency (6H), and your public persona/ability to be seen doing your work (10H). Begin connecting with these 3 planets using **Chart Harmony** remedies so we're even healthier as we move into the next components of **Your Money Story**.

Remember: If your Moon does not feel safe, there's very little we can get ANY of these ruling planets to do to help you reach your money goals. Especially if your Moon is *in* one of these 3 houses and/or if any of these houses is ruled by the Moon (i.e., Cancer is the sign on the outside of the chartwheel for one of these 3 houses), the MOST important work is getting your Moon feeling safe to do all the things your money houses are here to do! **Chart Harmony** to the rescue!
