## LET'S GET LAYERED! ELEMENT OF EASE (PART 1)

It's time to layer all the components we've explored to create a **Chart Harmony** remedy that supports our natal setpoint for abundance fully!

<u>2H/6H/10H Element</u>	<u>Vibe That Ignites My Financial Flow</u>
Fire	Passion
Earth	Putting in the work
Air	Talking it out
Water	Trust

This is the energy to let churn in the background. It's the vibe to allow, as you go about your work. This grand trine of elements in sync can keep abundance flowing to you as long as you're not in the way of the keywords for their element.

The **rulers** of your **2nd, 6th, and 10th houses** are your board of directors for these 3 money houses. How do they behave when they're at the table with you? Does one planet dominate? Can we get them more in balance? This is the committee that supports your approach for earned income/values/enoughness (**2H**), your daily systems and consistency (**6H**), and your public persona/ability to be seen doing your work (**10H**). Let's get 'em on the same team!

Consider meeting with these planets regularly under a **Taurus** or **Scorpio Moon** or on a **Venus Day** or on any **GREEN DAY** using your **Chart Harmony** colors. This is when you can connect fully with these participants in the vibe that keeps money flowing to you with ease!

## LET'S GET LAYERED! MONEY MODALITY (PART 2)

Next, let's get our money houses balanced to our liking by leaning into their shared modality as we do more **Chart Harmony**.

We've already visited your **2nd house** as a part of the element of ease for money. Now, let's look at it in relationship to the **8th house**, as these 2 houses represent the 2 main ways money flows into our lives (and the modality here has a lot to do with how balanced these houses can be).

Which of these houses has the largest role in your financial life? **2H** = earned income, on a predictable schedule; **8H** = windfalls, investments, leveraged income, lottery winnings, inheritances, loans, tax refunds.

To shift the distribution between these 2 houses, we first lean into their shared modality.

<b><u>2H/8H Modality</u></b>	<b><u>Pathway to Shift Distribution of My Incoming Revenue</u></b>
Cardinal	Take the lead; be decisive; get intentional
Fixed	Make a commitment and stick to it; be consistent
Mutable	Catalyze change; focus on the process

Next, we connect with the **2H** and **8H** signs and rulers. Let's say you have **Capricorn Rising** and you feel as though you have a good relationship with your **2H Aquarius**. It's ruled by **Saturn**. You're consistent in how you pull in money in exchange for hours worked or services provided. You have solid structure here. Now you'd like to invite in far more **8H** windfalls, investments by others, leveraged money from outside sources (NOT an exchange of value for value; that's **2H** territory).

We know from the table above to lean into the **2H/8H** modality (Fixed) by making a commitment and sticking to it, specifically with regard to **8H** activities. Because **Leo** is the **8H** sign for **Capricorn Rising**, the more **Leo** your **8H** activities, the more you'll fire up the investments others make in you. **Leo** loves to be seen! Lead from the heart! Take the stage! Consider ways in which you can make your **8H** goals visible (applying for grants, entering contests, or maybe creating an online funding campaign).

## LET'S GET LAYERED! YOUR MONEY MAGNET (PART 2, CONT'D)

**Venus** can become a full-on tractor beam for love, money, enoughness, beauty, and so much more... when she's well-tended with **Chart Harmony**.

Since **Venus** is the planet of love, money, enoughness, and the exchange of value for value, its setpoint for EASE with being a magnet for all that delicious goodness is largely determined by the sign it's in. Consider connecting (on Friday, AKA **Venus' Day**, ideally) in ways that serve that sign!

Bonus points: If your natal **Venus** is in the **5th house**, it's extra magnetic (and happy)!

<u>Sign</u>	<u>Glyph</u>	<u>How Venus Expresses in This Sign</u>	<u>Also of Note</u>

## LET'S GET LAYERED! MONEY MANAGERS (PART 3)

There are 2 signs that we look to for money management. **Taurus** and **Scorpio**. They each have different ways of showing up for this work!

**Taurus** is in charge of our stuff. How much stuff do you have? How do you treat your stuff? Do you loan out your stuff? When we hang onto stuff out of fear, **Taurus** needs soothing. Your enoughness around money mindset will show up here.

**Scorpio** is in charge of how we transmute value for value. Money is often exchanged for hours worked, commodities created, and services provided. That conversion is **Scorpio's** jam. Your relationship with transmutation of value for value will show up here.

Remember our formula: The planet is the WHAT, the sign is the HOW, and the house is the WHERE. Let's tour through the houses for these powerful signs!

House	Taurus	House	Scorpio
1H	Stuff makes me feel safe.	7H	Relationships create change.
2H	I love my stuff and I treat it well.	8H	Everything transforms into everything else at some point. Celebrate that!
3H	Communicating about my stuff makes it real.	9H	I question all gurus and experts as I get to the bottom of every topic.
4H	My home is my stuff. And mom knew best about how to make a living.	10H	I keep rebranding myself in business and society says that's weird.

## LET'S GET LAYERED! THE MISER (PART 3, CONT'D)

**Saturn** loves a budget. Of course, Saturn also believes that we only ever need "enough" and anything else is clutter. Giving Saturn a job we WANT it to do is brilliant **Chart Harmony**, as it helps Saturn NOT pump the brakes on our financial flow.

**Saturn's Day** is Saturday and that's a great time to declutter, abstain from something, wear black, organize a system, use cannabis, set a boundary... all things respected for their efficiency and structure.

Bonus points: If your natal **Saturn** is in the **12th house**, it's in its favorite place, which can really help you out.

Sign	Glyph	How Saturn Expresses in This Sign	Also of Note
Aries	♈	It's really challenging to build structure in this "puppy" energy. I'm exhausted.	Saturn's fall = he's stressed out and hits pitfalls here
Taurus	♉	Anything worth doing is worth doing well. Built to last. The proof of worth is visible.	
Gemini	♊	A good argument starts with the solid structure for every point made.	
Cancer	♋	I'd love to create systems that make Cancer feel safe, but WOW does this sign worry!	Saturn's detriment = he's detached and inconsistent here
Leo	♌	If only Leo could step out of the spotlight at times and appreciate the stage manager.	Saturn's detriment = he's detached and inconsistent here
Virgo	♍	We agree! Systems are order and order is everything. We proofread each other's lists.	
Libra	♎	There is nothing more orderly than balance. It's incredibly fair.	Saturn's exaltation = he's uplifted and in the spotlight here
Scorpio	♏	I will build a system that allows you to dig as deep as you want on anything, anytime.	
Sagittarius	♐	The stronger the foundation, the more you may explore. Just always come back!	
Capricorn	♑	There will be no whistling while we work. That's nonsense. Achievement needs focus.	Saturn's domicile = he's resourced and at home here
Aquarius	♒	My tolerance for innovation grows with your willingness to stick to the plan.	Saturn's domicile = he's resourced and at home here
Pisces	♓	Pisces really challenges me to accept different ways of defining boundaries.
