<https://shop.selfmanagementforactors.com/product/content-plan-a-thon>  
12:14:46 From Carolyne A.: Emily Brown - YesStyle - it's a Hong Kong company that sells a lot of Japanese and Korean products, including the MUji pens. They can charge you in Canadian (so no additional credit card fees) and the minimum amount for free shipping is reasonable. The shipping is slow, but that's actually only when it gets to Canada: it has to go through excise and then I think they are walking it to Montreal for me from Vancouver. ;)  
12:15:00 From Emily Brown: Thank you thank you!! :D hehe  
12:17:09 From Berry Newkirk: how much is that astrology reading?
