11:48:01 From emily kindred: that is the trash taking itself out

11:48:03 From Rhianna Basore: People got feelings!

11:48:10 From Dana Middleton: is that a setting on constant contact?

11:48:38 From Dana Middleton: I'm ok to see it

11:49:44 From kathi carey: Can you repeat that?

11:49:46 From emily kindred: I think that was too fast for my hand

11:52:48 From Rhianna Basore: Coaching party!

11:55:55 From emily kindred: rule of thirds for the win!!

12:00:19 From emily kindred: and the added benefit to them of getting praise on your platform to your other industry contacts and followers, you amplify each other

12:05:27 From Rhianna Basore: We love partnerships!

12:07:34 From Dana Middleton: Great idea

12:08:23 From Dana Middleton: Can up upgrade to webinar on zoom for one month?

12:12:45 From David Manship: scarcity

12:13:11 From emily kindred: exactly you're SORTing it out :)

12:16:55 From kathi carey: You want to feel inspired by what you do, not like it's a drugery

12:16:59 From Rhianna Basore: What lights me up in my business? That is my new question for where I focus.

12:19:20 From kathi carey: You don't want to know how long Dave has been at Teachable...

12:21:27 From Kristen Girard: I hate Webinar Jam as an attendee so much I now have policy I don't attend Webinar Jam stuff live.

12:22:27 From Kristen Girard: Crowdcast is great as an attendee. Love it.

12:23:26 From David Manship: Vimeo pro offers "on demand" videos. They facilitate payment .

12:26:12 From Kristen Girard: I just saw a brilliant presentation where the guy giving it literally wrote on a pad of paper and showed it to the screen as he was drawing stick figures and writing on the pad - and I got more out of that presentation than the slick polished 50 thousand slide ones.

12:26:23 From David Manship: Practice

12:27:33 From emily kindred: just using zoom alone and saving the recoding for yourself?

12:29:05 From Kristen Girard: When doing Q&A times - have a set end point so it doesn't go on for 1-2 hours over time.

12:29:17 From Dana Middleton: Thank you!!!

12:30:44 From Kristen Girard: And if no one is asking questions - pretend that someone wrote in questions - but it is really you putting forward questions you know that they probably have. This can be super effective for opening up questions from attending students or just go with it. Often people just don't know what to ask.

12:30:44 From Dana Middleton: It's my big lesson right now. Do what feels right to me!

12:31:00 From Dana Middleton: Great, Kristein!

12:31:54 From kathi carey: Good strategy, Kristen re: asking Qs you know they probably have.

12:32:20 From Kristen Girard: Was super effective when I was teaching college courses.
